Consider 2022-2042 Comprehensive Plan draft and procedure for public hearing and Plan adoption.

Orrin Sumwalt of Foth reviewed the current draft of the Plan. He stated there is still no updated 2020 census data and may not be until 2023. The maps and renderings were updated. Discussion held on adding additional rail service language, which will be added to both the transportation and economic development chapters. The Plan can be amended once the new census data is released.

Discussion held on when to hold public hearing and adoption by Council. Following a 30-day Class I notice, the public hearing will be held by the Plan Commission on 9/13 with Council review and tentative adoption on 9/26. The adoption will be by ordinance that will have a first reading on 8/22.

Motion by Gargano, seconded by Zibell to adjourn at 6:27 PM.

Respectfully submitted,
