Matt,

I am requesting to be on the Agenda for Tuesday's Parks Meeting. I would like to propose a temporary art display at the pavilion. Essentially to stretch saran wrap between two of the pillars and create an art piece similar to the example below. I am thinking more of a local flare with either a black squirrel or a beaver. I am presenting Monday to Historic Preservation / Arts Commission and would like to know how the parks committee feels about it as well.

With the realignment meeting also being Tuesday, do you know what time you were thinking Parks would take place.

Thanks,
