RESOLUTION
(Recognizing World Migratory Bird Day)

FILE NO. 4574-25

Whereas, migratory birds are some of the most beautiful and easily observed wildlife that share our communities; *and*

Whereas, these migrant species also play an important economic role in our community, controlling insect pests and generating millions in recreational dollars statewide; *and*

Whereas, migratory birds and their habitats are declining throughout the Americas, facing a growing number of threats on their migration routes and in both their summer and winter homes; *and*

Whereas, public awareness and concern are crucial components of migratory bird conservation; *and*

Whereas, citizens enthusiastic about birds, informed about the threats they face, and empowered to help address those threats can directly contribute to maintaining health bird populations; *and*

Whereas, since 1993 World Migratory Bird Day (WMBD) has become a primary vehicle for focusing public attention on the nearly 350 species that travel between nesting habitats in our communities and throughout North America and their wintering grounds in South and Central America, Mexico, the Caribbean, and the southern U.S.; *and*

Whereas, while WMBD officially is held each year on the second Saturday in May, its observance is not limited to a single day, and planners are encouraged to schedule activities on the dates best suited to the presence of both migrants and celebrants, *and*

Whereas, WMBD is not only a day to foster appreciation for wild birds and to celebrate and support migratory bird conservation, but also a call to action;

Now, Therefore, Be It Resolved

**THAT THE CITY OF REEDSBURG DOES HEREBY RECOGNIZE
MAY 10, 2025, as World Migratory Bird Day**

in the City of Reedsburg, and urge all citizens to celebrate this observance and to support efforts to protect and conserve migratory birds and their habitats in our community and the world at large. Dated this 14th day of April in the year 2025.
