Mr. Jacob Crosetto, City Clerk-Treasurer  
City of Reedsburg  
134 S. Locust Street  
Reedsburg, WI 53959

Dear Jacob:

Please find enclosed five (5) copies of the compiled financial statements of the City of Reedsburg's Tax Incremental Districts No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9 for the period ended December 31, 2019. An Accountants' Compilation Report is included with the financial statements.

Municipalities must e-file a TID Annual Report (Form PE-300). This is due July 1, 2020 for the 2019 reporting year. Please note that there are penalties for late submissions. Additional information and the online form can be found on the State of Wisconsin Department of Revenue website ([www.revenue-wi.gov](http://www.revenue-wi.gov)). You will no longer be required to file the compilation report with the overlying districts; instead you are responsible to provide a copy of the TID Annual Report submitted on the DOR website to each overlying taxing district

You should also make these financial statements available to the public.

Please feel free to contact our office should you have any questions regarding the enclosed statements.

Sincerely,

BAKER TILLY VIRCHOW KRAUSE, LLP

Amanda Blomberg, CPA, Firm Director

## ACCOUNTANTS' COMPILATION REPORT

To the City Council  
City of Reedsburg  
Reedsburg, Wisconsin

Management is responsible for the accompanying Balance Sheet, Historical Summary of Project Costs, Project Revenues and Net Cost to be Recovered Through Tax Increments and Historical Summary of Sources, Uses, and Status of Funds of the City of Reedsburg's Tax Incremental Districts No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9 ("districts") as of and for the year ended December 31, 2019 and from the dates of creation through December 31, 2019, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

As discussed in Note 1, the financial statements present only the transactions of the districts and do not purport to, and do not, present fairly the financial position of the City of Reedsburg as of December 31, 2019, the changes in its financial position, or, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. This information is the representation of management. This information was subject to our compilation engagement, however, we have not audited or reviewed the information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such information.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economical, or historical context.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The accounting policies of the City of Reedsburg's Tax Incremental Districts No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9 (the "districts") conform to accounting principles as applicable to governmental units and as defined by Wisconsin Statutes Section 66.1105.

The City of Reedsburg (the "city") has implemented accounting principles generally accepted in the United States of America to the extent they apply in determining the scope of the activity of Tax Incremental Districts No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9. The accompanying financial statements reflect all the significant operations of the city's Tax Incremental Districts No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9. The accompanying financial statements do not include the full presentation of the city.

**A. DESCRIPTION OF FUND STRUCTURE AND LONG-TERM DEBT**

This report contains the financial information of the city's Tax Incremental Districts (TID) No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, and No. 9. The summary statements were prepared from data recorded in the following city funds and from the city's long-term debt:

|                            |                            |
|----------------------------|----------------------------|
| TID No. 3 Capital Projects | TID No. 7 Capital Projects |
| TID No. 4 Capital Projects | TID No. 8 Capital Projects |
| TID No. 5 Capital Projects | TID No. 9 Capital Projects |
| TID No. 6 Capital Projects |                            |

Detailed descriptions of the purpose of these funds and long-term debt can be found in the city's basic financial statements.

The data was consolidated for purposes of this report. Therefore, the amounts shown in the accompanying statements may not directly correlate with amounts shown in the basic financial statements of the city.

The districts were created under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvement costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the district. The tax on the increased value is called a tax increment.

The statutes allow the districts to collect tax increments until the net project cost has been fully recovered, or until 20-30 years (depending upon the type of district) after the tax increment district is created, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the city. Project costs may be incurred up to five years before the unextended termination date of the districts.

**B. BASIS OF ACCOUNTING**

The modified accrual basis of accounting was followed in the preparation of these statements. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Project costs, other than interest on long-term debt, are recorded when expenditures are made, or monetary obligations are incurred.

District increments are recorded as revenues in the year due. Intergovernmental aids and grants are recognized as revenues in the period the related expenditures are incurred, if applicable, or when the city is entitled to the aids.

Special assessments are recorded as revenues when collected. Annual installments due in future years are accounted for as receivables and unavailable revenues.

Other general revenues are recognized when received in cash or when measurable and available under the criteria described above.

**C. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

---

***D. MEASUREMENT FOCUS***

The measurement focus of all governmental funds is the funds flow concept. Under the funds flow concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as unavailable or unearned revenue or as nonspendable fund equity. Liabilities for claims, judgments, compensated absences and pension contributions which will not be currently liquidated using expendable available financial resources are shown in the long-term debt footnote disclosure. The related expenditures are recognized when the liabilities are liquidated.

***E. PROJECT PLAN BUDGETS***

The estimated revenues and expenditures of the districts are adopted in the project plans. Those estimates are for the entire life of the districts, and may not be comparable to interim results presented in this report.

***F. LONG-TERM DEBT***

Short-term liabilities are recorded as fund liabilities. All other long-term liabilities are shown in the long-term debt footnote disclosure.

Proceeds of long-term debt issues not recorded as fund liabilities are reflected as "Sources of Funds" in the operating statement of the recipient fund. Retirement of these issues is reported as an expenditure in the year in which the debt matures or is repaid, whichever is earlier.

***G. CLAIMS AND JUDGMENTS***

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards pronouncements are met. The liability and expenditures for claims and judgments is only reported in governmental funds if it has matured. Claims and judgments are disclosed in the long-term debt footnote when the related liabilities are incurred.

**NOTE 2 – CASH AND TEMPORARY INVESTMENTS**

---

The districts invest their funds in accordance with the provisions of the Wisconsin Statutes 66.0603(1m) and 67.11(2).

**NOTE 2 – CASH AND TEMPORARY INVESTMENTS (cont.)**

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

The districts, as funds of the city, maintain separate and common cash and investment accounts at the same financial institutions utilized by the city. Federal depository insurance and the State of Wisconsin Guarantee fund insurance apply to the city as an individual municipality, and, accordingly, the amount of insured funds is not determinable for the districts.

**NOTE 3 – LONG-TERM DEBT**

All general obligation notes and bonds payable are backed by the full faith and credit of the city. Notes and bonds borrowed to finance the districts' expenditures will be retired by tax increments accumulated by the capital projects funds. If those revenues are not sufficient, payments will be made by future tax levies.

The city entered into capital lease agreements with the Community Development Authority (CDA) of the city for certain property and improvements in TID Nos. 3, 4, and 6. The CDA issued lease revenue bonds and revenues from TID Nos. 3, 4, and 6 were used to make lease payments to the CDA in the same amounts as the CDA's lease revenue bond payments.

COMPILED  
NOTES TO FINANCIAL STATEMENTS  
From Date of Creation Through December 31, 2019

---

**NOTE 5 – LOANS RECEIVABLE**

---

At December 31, 2019, the districts had outstanding loans receivable from developers. The loans are recorded as receivables by the district and repayments are forgivable over a predetermined timeframe assuming the developer continues to meet obligations set forth in the agreements. The loans are considered to be project costs and are reflected in the recoverable cost schedules. Allowances have been set up for the entire outstanding loan balances of \$303,380. In prior years, the city expensed as a project cost the amounts forgiven on an annual basis.

During 2017, TID District No. 6 entered into an agreement with a developer to loan \$500,000 at 1% interest rate. The district is expected to collect the full \$500,000 and no allowance has been set up.

---

**NOTE 6 – INCREMENT SHARING**

---

As allowable under TID statutes, the city may share positive TID increments. The city and joint review board approved sharing increments from TIF Districts No. 4 and No. 5 (donor districts) to TID Districts No. 3 and No. 6 (donee districts). Transfers totaling \$1,877,569 are reflected as recoverable costs in the donor districts, and as project revenues in the donee districts. Transfers were approved to begin in 2010. TID increment sharing is valid for the life of the donor district or the recipient district, whichever date comes first, and the life of the donor district may not be extended. Transfers between districts are subject to various conditions in the statutes.

---

**NOTE 7 – GUARANTEED REVENUE**

---

The city has entered into a development agreement with a developer in relation to the Tax Incremental District No. 5. The agreement guarantees that the developer shall pay the difference between the guaranteed tax increment and the tax increment actually levied. The guarantee obligation requires that the tax increment generated from specific property in the district shall equal \$45,000 annually from tax years 2012 through 2027. If the tax increment does not meet this minimum requirement, the developer agrees to pay the difference.

The city has entered into a development agreement with a developer in relation to the Tax Incremental District No. 8. The agreement guarantees that the developer shall pay the difference between the guaranteed tax increment and the tax increment actually levied. The guarantee obligation requires that the tax increment generated from specific property in the district shall equal \$91,120 annually from tax years 2017 through 2021. If the tax increment does not meet this minimum requirement, the developer agrees to pay the difference.

The city has entered into a development agreement with a developer in relation to the Tax Incremental District No. 9. The agreement guarantees that the developer shall pay the difference between the guaranteed tax increment and the tax increment actually levied. The guarantee obligation requires that the tax increment generated from specific property in the district shall equal \$4,935,000 from tax years 2018 through 2034. The annual guaranteed for 2019 was \$94,000. If the tax increment does not meet this minimum requirement, the developer agrees to pay the difference.

## INDEPENDENT AUDITORS' REPORT

To the City Council  
City of Reedsburg  
Reedsburg, Wisconsin

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Reedsburg, Wisconsin, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City of Reedsburg's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City of Reedsburg's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City of Reedsburg's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Reedsburg, Wisconsin, as of December 31, 2019 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Emphasis of Matter***

As discussed in Note I, the City of Reedsburg adopted the provisions of GASB Statement No. 84, *Fiduciary Activities*, effective January 1, 2019. Our opinions are not modified with respect to this matter.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Reedsburg's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

| Construction in progress                  | 947,464    |
| Other capital assets, net of depreciation | 16,689,436 |

Some receivables that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements.

578,749

The net pension liability does not relate to current financial resources and is not reported in the governmental funds.

(794,035)

Deferred outflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.

2,250,470

Deferred inflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.

(1,124,318)

Some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds.

### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2019

---

|                                                        |                |
|--------------------------------------------------------|----------------|
| Net change in fund balances - total governmental funds | \$ (1,091,423) |
|--------------------------------------------------------|----------------|

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.

|                                                                                                                                              |             |

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

---

The accounting policies of the City of Reedsburg, Wisconsin conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

#### **A. REPORTING ENTITY**

This report includes all of the funds of the city. The reporting entity for the city consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of three methods, discrete presentation, blended, or fiduciary. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

#### ***Discretely Presented Component Units***

##### ***Community Development Authority of the City of Reedsburg***

The government-wide financial statements include the Community Development Authority of the City of Reedsburg ("CDA") as a component unit. The CDA is a legally separate organization. The board of the CDA is appointed by the mayor. Wisconsin Statutes provide for circumstances whereby the city can impose its will on the CDA, and also create a potential financial benefit to or burden on the city. See Note III.J. As a component unit, the CDA's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended December 31, 2019. The CDA does not issue separate financial statements.

#### A. REPORTING ENTITY (cont.)

##### ***Discretely Presented Component Units*** (cont.)

###### *Herbert H. Webb Trust*

The government-wide financial statements include the Herbert H. Webb – Reedsburg Trust (trust) as a component unit. The trust is a legally separate tax exempt component unit of the City of Reedsburg. The trust was established to support the City of Reedsburg for public purposes. Although the city does not control the timing or amount of receipts from the trust, the resources of the trust can only be used by or for the benefit of the city. Therefore, the trust is considered to be a component unit of the city and is discretely presented in the financial statements. The information presented is for the fiscal year ended December 31, 2019. See Note III.J. The trust does not issue separate financial statements.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

In January 2017, the GASB issued statement No. 84 - *Fiduciary Activities*. This statement establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how those activities should be reported. This standard was implemented January 1, 2019.

In March 2018, the GASB issued statement No. 88 - *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. This Statement defines debt for purposes of disclosure in notes to financial statements and establishes additional financial statement note disclosure requirements related to debt obligations of governments, including direct borrowings and direct placements. This standard was implemented January 1, 2019.

##### ***Government-Wide Financial Statements***

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The city does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

#### ***B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)***

##### ***Fund Financial Statements***

Financial statements of the city are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the city or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the city believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The city reports the following major governmental funds:

- General Fund - accounts for the city's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.
- General Debt Service - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs, other than TID or enterprise debt.

The city reports the following major enterprise funds:

- Utility Commission - accounts for operations of the water, electric, and communications systems
- Sewer Utility - accounts for operations of the sewer system

Internal Service Fund - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the city, or to other governmental units, on a cost-reimbursement basis.

Private-Purpose Trust Fund - used to account for and report any trust arrangement not properly reported in a pension trust fund or investment trust fund under which principal and income benefit individuals, private organizations, or other governments.

Nishan Community Aid for the Poor

Custodial Fund - used to account for and report assets controlled by the city and the assets are for the benefit of individuals, private organizations, and/or other governmental units.

##### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION***

###### ***Government-Wide Financial Statements***

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the city's utility commission, sewer utility, and stormwater utility and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)***

##### ***Fund Financial Statements***

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the city is entitled the resources and the amounts are available. Amounts owed to the city which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and unavailable revenues.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and electric, sewer, and communications utilities are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)***

##### ***All Financial Statements***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY***

##### ***1. Deposits and Investments***

For purposes of the statement of cash flows, the city considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of city funds is restricted by Wisconsin state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust company.
- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

Investment of most trust funds including cemetery perpetual care funds, is regulated by Chapter 881 of the Wisconsin Statutes. Investment of library trust funds is regulated by Chapter 112. Those sections give broad authority to use such funds to acquire various kinds of investments including stocks, bonds and debentures.

The city has not adopted an investment policy.

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)***

##### ***1. Deposits and Investments (cont.)***

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outlined in Note III. A. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2019, the fair value of the city's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note III. A. for further information.

##### ***2. Receivables***

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the city, taxes are collected for and remitted to the state and county governments as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other taxing units on the accompanying statement of fiduciary net position.

Property tax calendar - 2019 tax roll:

|                                              |                  |
|----------------------------------------------|------------------|
| Lien date and levy date                      | December 2019    |
| Tax bills mailed                             | December 2019    |
| Payment in full, or                          | January 31, 2020 |
| First installment due                        | January 31, 2020 |
| Second installment due                       | July 31, 2020    |
| Personal property taxes in full              | January 31, 2020 |
| Tax sale - 2019 delinquent real estate taxes | October 2022     |

Accounts receivable have been shown net of an allowance for uncollectible accounts. Delinquent real estate taxes as of July 31 are paid in full by the county, which assumes the collection thereof. No provision for uncollectible accounts receivable has been made for the electric, water, and sewer utilities because they have the right by law to place substantially all delinquent bills on the tax roll, and other delinquent bills are generally not significant. Delinquent communications bills are not placed on the tax roll. An allowance for uncollectible accounts has been established to account for all delinquent communications billings over 120 days past due. The allowance is adjusted on an annual basis.

---

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)***

##### ***2. Receivables (cont.)***

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

In the governmental fund financial statements, advances to other funds are offset equally by a nonspendable fund balance account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation or by a restricted fund balance account, if the funds will ultimately be restricted when the advance is repaid.

The city has received federal and state grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The city records a loan receivable when the loan has been made and funds have been disbursed. The amount recorded as economic development and housing rehabilitation loans receivable has been reduced by an allowance for uncollectible accounts of \$614,106.

It is the city's policy to record revenue when the initial loan is made from the federal and state grant funds. The net amount of the loan receivable balance is included in restricted or nonspendable as appropriate fund balance. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements with the exception of defederalized loans. Any unspent loan repayments for these loans are presented as committed

##### ***3. Inventories and Prepaid Items***

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on weighted average, and charged to construction and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

##### ***4. Restricted Assets***

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

##### **5. Capital Assets**

###### ***Government-Wide Statements***

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets and \$25,000 for infrastructure assets, and an estimated useful life in excess of one year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation and amortization of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation and amortization reflected in the statement of net position. Depreciation and amortization is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

|                         |             |
|-------------------------|-------------|
| Buildings               | 30 Years    |
| Land Improvements       | 30 Years    |
| Machinery and Equipment | 3-15 Years  |
| Intangibles             | 5-50 Years  |
| Infrastructure          | 18-77 Years |
| Intangibles             | 20-50 Years |

###### ***Fund Financial Statements***

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

##### **6. Other Assets**

The electric utility is a member of American Transmission Company (ATC). ATC was formed by approximately 25 utilities to plan, construct, maintain, monitor, and own electric transmission facilities in Wisconsin. The utility owns less than 1/2 of 1% of ATC.

As part of a settlement agreement with a vendor, the electric utility obtained customer rights from the prior service provider to serve additional customers. These costs are reported as organization costs and are being amortized over 33 years.

The electric utility has non-utility property consisting of private parking lighting which is depreciated over 20 years.

##### **7. Deferred Outflows of Resources**

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

##### **8. Compensated Absences**

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at December 31, 2019, are determined on the basis of current salary rates and include salary related payments.

##### **9. Long-Term Obligations/Conduit Debt**

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

---

##### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)***

##### ***9. Long-Term Obligations/Conduit Debt (cont.)***

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

The city has approved the issuance of industrial revenue bonds (IRB) for the benefit of private business enterprises. IRB's are secured by mortgages or revenue agreements on the associated projects, and do not constitute indebtedness of the city. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The total amount of IRB's outstanding at the end of the year is approximately \$550,528, made up of three issues.

##### ***10. Deferred Inflows of Resources***

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

##### ***11. Equity Classifications***

##### ***Government-Wide Statements***

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation/amortization and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the city's policy to use restricted resources first, then unrestricted resources as they are needed.

##### ***11. Equity Classifications (cont.)***

###### ***Fund Statements***

Governmental fund balances are displayed as follows:

- a. Nonspendable - Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted - Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (resolution) of the City Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City Council that originally created the commitment.
- d. Assigned - Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Council, Finance Committee or management may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned - Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The city considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the city would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The city has a formal minimum fund balance policy. That policy is to maintain a working capital fund of 29% of the subsequent year's budgeted general fund expenditures. The balance at year-end was \$1,689,837, or 25%, and is included in unassigned general fund balance.

#### ***D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)***

##### ***11. Equity Classifications (cont.)***

Fiduciary fund net position is classified as restricted for community aid on the statement of fiduciary net position. Various donor restrictions apply, including authorizing and spending trust income, and the city believes it is in compliance with all significant restrictions.

##### ***12. Pension***

For purposes of measuring the net pension asset (liability), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

##### ***C. DEFICIT BALANCES***

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of December 31, 2019, the following individual funds held a deficit balance:

| <u>Fund</u>                    | <u>Amount</u> | <u>Reason</u>                        |
|--------------------------------|---------------|--------------------------------------|
| General Debt Service           | \$ 106,345    | Unfunded debt payments               |
| Municipal Court                | 61,966        | Capital investment                   |
| Taxi Grant Fund                | 41,411        | Expenditures exceeding grant revenue |
| Tax Incremental District No. 3 | 97,470        | Costs exceeding increment            |
| Tax Incremental District No. 5 | 3,634         | Costs exceeding increment            |
| Tax Incremental District No. 6 | 961,090       | Costs exceeding increment            |
| Tax Incremental District No. 7 | 1,266         | Costs exceeding increment            |
| Tax Incremental District No. 8 | 271,723       | Costs exceeding increment            |
| Tax Incremental District No. 9 | 1,110,646     | Costs exceeding increment            |
| General Capital Projects Fund  | 425,824       | Unfunded capital outlay              |

TIF district deficits are anticipated to be funded with future incremental taxes levied over the life of the districts, which is 27 years for the districts created before October 1, 1995, and 23 years for districts created thereafter through September 30, 2004. Beginning October 1, 2004, the life of new districts varies by type of district (20-27 years) and may be extended in some cases. Other fund deficits are anticipated to be funded with future contributions, general tax revenues, long-term borrowing, or transfers from the general fund.

##### ***D. LIMITATIONS ON THE CITY'S TAX LEVY***

Wisconsin law limits the city's future tax levies. Generally the city is limited to its prior tax levy dollar amount (excluding TIF Districts), increased by the greater of the percentage change in the city's equalized value due to new construction or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The city is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing custodial credit risk.

The city maintains collateral agreements with its banks. At December 31, 2019, the banks had pledged various government securities in the amount of \$14,015,232 to secure the city's deposits.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2019

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### A. DEPOSITS AND INVESTMENTS (cont.)

The utility commission's investment in American Transmission Corporation (ATC) is measured at the net asset value (NAV) per share of ownership. As of December 31, 2019, the fair value of the investment was \$2,966,435. ATC was formed by approximately 25 utilities to plan, construct, maintain, monitor and own electric transmission facilities in Wisconsin. The utility elected to receive an investment in ATC at its inception rather than directly sell its transmission facilities. The utility owns less than 1/2 of 1 percent of ATC. The utility has no unfunded commitments at year-end. The investment in ATC can only be redeemed by ATC or another existing member.

The city categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The valuation methods for recurring fair value measurements are as follows:

- > Certificates of deposit (negotiable) - uses a market based approach
- > U.S. agency securities - uses a market based approach which considers yield, price of comparable securities, coupon rate, maturity, credit quality and dealer-provided prices

#### A. DEPOSITS AND INVESTMENTS (cont.)

##### **Custodial Credit Risk** (cont.)

##### **Investments**

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the city will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of December 31, 2019, the city's investments were exposed to custodial credit risk as follows:

Neither Insured nor Registered and Held by Counterparty's Trust  
Department or Agent not in the City's Name

|                                       |                     |
|---------------------------------------|---------------------|
| U.S. agencies - implicitly guaranteed | \$ <u>1,504,468</u> |
|---------------------------------------|---------------------|

##### **Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of December 31, 2019, the city's investments were rated as follows:

| <u>Investment Type</u>                | <u>Standard &amp; Poors</u> |
|---------------------------------------|-----------------------------|
| U.S. agencies - implicitly guaranteed | AA+                         |

The city also held investments in the following investments which are not rated:

Local Government Investment Pool

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2019

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### B. RECEIVABLES (cont.)

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

|                                                                  | <u>Unearned</u>                | <u>Unavailable</u>           |

| <br>Total Unearned/Unavailable Revenue for<br>Governmental Funds | <br><u><u>\$ 7,147,051</u></u> | <br><u><u>\$ 578,749</u></u> |

For economic development loans, the city is limited by the Wisconsin Department of Administration to the amount of program income from economic development loans that it may retain to be loaned to other businesses and/or the amount of time for which funds may be held without use. Program income includes the principal and interest received from economic development loans repayments.

At December 31, 2019, the city has not exceeded the maximum amount of program income that it may retain or the amount of time for which funds may be held without use. When it does, a liability to the state will be recorded.

#### C. RESTRICTED ASSETS

The following represent the balances of the restricted assets:

##### **Long-Term Debt Accounts**

|              |   |                                                                                                                                               |
|--------------|---|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Redemption   | - | Used to segregate resources accumulated for debt service payments over the next twelve months.                                                |
| Reserve      | - | Used to report resources set aside to make up potential future deficiencies in the redemption account.                                        |
| Depreciation | - | Used to report resources set aside to fund plant renewals and replacement or make up potential future deficiencies in the redemption account. |

##### **Equipment Replacement Account**

The sewer utility established an equipment replacement account to be used for significant mechanical equipment replacement as required by the Wisconsin Department of Natural Resources.

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### *E. INTERFUND RECEIVABLES/PAYABLES, ADVANCES AND TRANSFERS (cont.)*

##### **Advances**

The general fund is advancing funds to TIF Districts No. 3, No. 6, and No. 8. The amount advanced is determined by the deficiency of revenues over expenditures and other financing sources since the district's inception. The general fund is charging the TIF No. 3, No. 6, and No. 8 interest on the advance based on the average outstanding advance balance during the year at a rate of 5%. \$424,504 of interest is included in the TIF No. 3, No. 6, and No. 8 advances and is recorded as unavailable revenue until it is collected. No repayment schedules have been established.

The general fund is also advancing funds to the taxi, municipal court, TIF District No. 9, and general debt service funds. No interest is being charged on these advances and no repayment schedules have been established.

The following is a schedule of interfund advances:

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2019

### NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

#### F. LONG-TERM OBLIGATIONS (cont.)

##### General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the city. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

##### ***Other Debt Information***

Estimated payments of compensated absences are not included in the debt service requirement schedules. The compensated absences liability attributable to governmental activities will be liquidated primarily by the general fund.

##### ***Bond Covenant Disclosures***

##### ***Insurance***

The utilities are exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors and omissions, workers compensation, and health care of its employees. These risks are covered through the purchase of commercial insurance, with minimal deductibles. Settled claims have not exceeded coverage in any of the last three years. There were no significant reductions in coverage compared to the prior year.

##### d. Property Held for Resale

Property held for resale represents properties purchased by the CDA with the intention to rehabilitate the property and resell it. Amounts are recorded at historical cost to the city.

#### HERBERT H. WEBB TRUST

This report contains the Herbert H. Webb Trust (trust), which is included as a component unit.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

##### a. Basis of Accounting/Measurement Focus

The trust follows the full accrual basis of accounting and the flow of economic resources measurement focus.

##### b. Deposits and Investments

|                                 | Carrying<br>Value   | Statement<br>Balances | Associated Risks |
|---------------------------------|---------------------|-----------------------|------------------|
| Mutual funds - other than bonds | \$ 3,225,331        | \$ 3,225,331          | Custodial credit |
| Total Deposits and Investments  | <u>\$ 3,225,331</u> | <u>\$ 3,225,331</u>   |                  |

The trust categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The valuation methods for recurring fair value measurements are as follows:

- > Documented trade history in exact security

| Investment Type                 | Level 1             | Level 2          | Level 3     | Total               |

#### **A. EMPLOYEES' RETIREMENT SYSTEM**

**Plan description.** The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year (880 hours teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

**Vesting.** For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

**Benefits provided.** Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and executive service retirement participants, if hired on or before 12/31/2016) are entitled to retirement benefit based on a formula factor, their average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings period. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at age 55 (50 for protective occupations) and receive an actuarially reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

**Post-retirement adjustments.** The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

| Year | Core Fund<br>Adjustment | Variable Fund<br>Adjustment |
|------|-------------------------|-----------------------------|
| 2009 | (2.1)%                  | (42.0)%                     |

##### **A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Contributions.** Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees, including Teachers, Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$424,509 in contributions from the city.

Contribution rates for the plan year reported as of December 31, 2019 are:

| <u>Employee Category</u>                 | <u>Employee</u> | <u>Employer</u> |
|------------------------------------------|-----------------|-----------------|
| General (Executives & Elected Officials) | 6.7%            | 6.7%            |
| Protective with Social Security          | 6.7%            | 10.7%           |
| Protective without Social Security       | 6.7%            | 14.9%           |

##### ***Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At December 31, 2019, the city reported a liability of \$1,409,826 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017 rolled forward to December 31, 2018. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The city's proportion of the net pension liability was based on the city's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2018, the city's proportion was 0.03962762%, which was an increase of 0.00107192% from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019, the city recognized pension expense of \$927,536.

*\* No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. Based on this experience study, actuarial assumptions used to measure the Total Pension Liability changed from prior year, including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates. The Total Pension Liability for December 31, 2018 is based upon a roll-forward of the liability calculated from the December 31, 2017 actuarial valuation.

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Long-term expected return on plan assets.** The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Core Fund Asset Class            | Current Asset Allocation % | Long-Term Expected Nominal Rate of Return % | Long-Term Expected Real Rate of Return % |
|----------------------------------|----------------------------|---------------------------------------------|------------------------------------------|

**Single discount rate.** A single discount rate of 7.00% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a long term bond rate of 3.71%. Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>.

At December 31, 2019, the city reported a payable to the pension plan which represents contractually required contributions outstanding as of the end of the year.

#### B. RISK MANAGEMENT

The city is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. All of these risks are covered through the purchase of commercial insurance, with minimal deductibles. Settled claims have not exceeded the commercial coverage in any of the past three years. There were no significant reductions in coverage compared to the prior year.

#### Public Entity Risk Pool

##### Wisconsin Municipal Insurance Commission (WMIC) Cities and Villages Mutual Insurance Company (CVMIC)

The WMIC is an intergovernmental cooperation commission created by contract under Section 66.30 of the Wisconsin Statutes. It was created in August, 1987 for the purpose of facilitating the organization, establishment and capitalization of the CVMIC, and has numerous cities and villages as members.

The CVMIC is a municipal mutual insurance company established on September 14, 1987 under Section 611.23 of the Wisconsin Statutes. The CVMIC provides liability insurance coverage to the cities and villages which make up the membership of the WMIC.

The CVMIC is self-insured up to a maximum of \$2,000,000 of each insurance risk. Losses paid by CVMIC plus administrative expenses will be recovered through premiums to the participating pool of municipalities. The city's share of such losses is approximately 1%.

##### ***B. RISK MANAGEMENT*** (cont.)

##### ***Public Entity Risk Pool*** (cont.)

##### **Wisconsin Municipal Insurance Commission (WMIC) Cities and Villages Mutual Insurance Company (CVMIC)** (cont.)

Management of each organization consists of a board of directors or officers comprised of representatives elected by each of three classes of participants based on population. The city does not exercise any control over the activities of the agencies beyond the election of the officers and board.

Financial statements of WMIC and CVMIC can be obtained directly from CVMIC's offices.

The initial investment in WMIC is refundable upon withdrawal from the commission and has been reported at the original amount of \$200,515 in the general fund.

The city pays an annual premium to CVMIC for its general liability insurance, which provides coverage up to \$5,000,000 per occurrence, less the city's retained liability. The city's retained liability is limited to \$37,500 per occurrence and an annual aggregate limit of \$150,000.

##### ***C. COMMITMENTS AND CONTINGENCIES***

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the city is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the city attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the city's financial position or results of operations.

The city has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

##### ***Long-Term Contracts - WPPI Energy***

The electric utility is one of 51 WPPI Energy member municipalities located throughout the State of Wisconsin. On December 1, 1989, each initial WPPI Energy member commenced purchasing electric service from WPPI Energy under a long-term Power Supply Contract for Participating Members (long-term contract). Under the long-term contract, WPPI Energy is obligated to provide and sell, and each member is obligated to take and pay for, the electric power and energy required for the operation of each member's electric utility.

##### ***C. COMMITMENTS AND CONTINGENCIES (cont.)***

###### ***Long-Term Contracts - WPPI Energy (cont.)***

The long-term contract requires all WPPI Energy members to pay for power and energy requirements supplied or made available by WPPI Energy at rates sufficient to cover WPPI Energy's revenue requirement including power supply costs, administrative expenses and debt service. WPPI Energy's subsequent year's operating budget and rates are approved annually by its Board of Directors, consisting of representatives from each member. The members have agreed to charge rates to retail customers sufficient to meet their WPPI Energy obligations. The long-term contract provides that all payments to WPPI Energy constitute operating expenses of the utility payable from any operating and maintenance fund established for that system.

Forty-nine members, representing approximately 98% of WPPI Energy's existing load, have long-term contracts through December 31, 2055. The remaining two members have long-term contracts through December 31, 2037.

WPPI Energy's outstanding debt service obligation to be paid by its members through their wholesale power charges through the remainder of the long-term contract was \$324 million as of December 31, 2019.

##### ***D. JOINT VENTURES***

The City of Reedsburg and the Town of Winfield, Town of Washington, Town of Reedsburg, Town of Westfield, Town of Seven Mile Creek, Town of Dellona, Town of LaValle, Town of North Freedom, Town of Excelsior, Village of Lime Ridge, Village of LaValle, and the Village of Loganville jointly operate the local ambulance service, which is called the Reedsburg Area Ambulance Service, Inc. The communities share in the annual operation of the district based on the ratio of populations.

The governing body is made up of citizens from each community. Local representatives are appointed by the mayor. The governing body has authority to adopt its own budget and control the financial affairs of the district. The city made a payment totaling \$94,750 to the district for 2019. The city believes that the district will continue to provide services in the future at similar rates. The city does not have an equity interest in the joint venture.

Financial information of the district is available directly from the district's office. The transactions of the district are not reflected in these financial statements.

##### ***E. SUBSEQUENT EVENT***

In December 2019, a novel strain of coronavirus was reported in Wuhan, Hubei province, China. In the first several months of 2020, the virus, SARS-CoV-2, and resulting disease, COVID-19, spread to the United States, including to areas impacting the Utilities. As of the date of issuance, the Utilities' evaluation of the effects of these event is ongoing; however, we anticipate this situation could cause a decline in electric revenues and an increase in delinquencies or uncollectible accounts receivable or loans receivable.

##### ***E. SUBSEQUENT EVENTS*** (cont.)

The extent of the impact of COVID-19 on the city's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related governmental or other regulatory actions.

##### ***F. ECONOMIC DEPENDENCY***

###### ***Utility Commission***

The electric utility has one significant customer who was responsible for 32% of operating revenues in 2019.

##### ***G. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS***

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 87, *Leases*
- > Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*
- > Statement No. 91, *Conduit Debt Obligations*

The statements listed above through Statement No. 93 had their required effective dates postponed by one year with the issuance of Statement No. 95, *Postponement of Effective Dates of Certain Authoritative Guidance*, with the exception of Statement No. 87 which was postponed by one and a half years.

When they become effective, application of these standards may restate portions of these financial statements.

## CITY OF REEDSBURG

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2019

---

#### ***BUDGETARY INFORMATION***

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I. C.

The budgeted amounts presented are as presented in the original budget and no amendments were adopted during the year. The city may authorize transfers of budgeted amounts within departments. Transfers between departments and changes to the overall budget must be approved by a two-thirds council action.

Appropriations lapse at year end unless specifically carried over. There were no carryovers to the following year. Budgets are adopted at the department level of expenditure.

#### ***WISCONSIN RETIREMENT SYSTEM***

The amounts determined for each fiscal year were determined as of the calendar year-end and occurred within the fiscal year.

The city is required to present the last ten years of data; however accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

*Changes in benefit terms.* There were no changes of benefit terms for any participating employer in the Wisconsin Retirement System.

*Changes in assumptions.* Actuarial assumptions are based upon an experience study conducted in 2018 using experience from 2015 – 2017. Based on the experience study conducted in 2018, actuarial assumptions used to develop Total Pension Liability changed, including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates.

## Our responsibilities

As your independent auditor, our responsibilities include:

- Planning and performing the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Reasonable assurance is a high level of assurance.
- Assessing the risks of material misstatement of the financial statements, whether due to fraud or error. Included in that assessment is a consideration of the City's internal control over financial reporting.
- Performing appropriate procedures based upon our risk assessment.
- Evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management.
- Forming and expressing an opinion based on our audit about whether the financial statements prepared by management, with the oversight of those charged with governance:
  - Are free from material misstatement
  - Present fairly, in all material respects, and in accordance with accounting principles generally accepted in the United States of America

We are also required to communicate significant matters related to our audit that are relevant to the responsibilities of those charged with governance, including:

- Qualitative aspects of the City's accounting practice including policies, accounting estimates and financial statement disclosures
- Significant difficulties encountered
- Disagreements with management
- Corrected and uncorrected misstatements
- Internal control matters
- Significant estimates
- Other findings or issues arising from the audit

## Management's responsibilities

| Management                                                                                                                                                     | Auditor                                                                                                                             |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
|  Prepare and fairly present the financial statements                        | Our audit does not relieve management or those charged with governance of their responsibilities                                    |
|  Establish and maintain effective internal control over financial reporting | An audit includes consideration of internal control over financial reporting, but not an expression of an opinion on those controls |
|  Provide us with written representations at the conclusion of the audit     | See Appendix B for a copy of management's representations                                                                           |

# Audit approach and results

## Planned scope and timing

### Audit focus

Based on our understanding of the City and environment in which you operate, we focused our audit on the following key areas:

- Key transaction cycles
- Areas with significant estimates
- Implementation of new accounting standards

Our areas of audit focus were informed by, among other things, our assessment of materiality. Materiality in the context of our audit was determined based on specific qualitative and quantitative factors combined with our expectations about the City's current year results.

### Implementation of GASB No. 84 reporting fiduciary activities

During the current year, your government implemented GASB Statement No. 84 – *Fiduciary Activities*. This standard was issued to provide a clear foundation and reduce inconsistencies in reporting of fiduciary activities. Implementation of this standard required the evaluation of various activities and application of specific criteria to determine the fiduciary activities that required reporting. As a result of this standard you will note the following changes in your financial statements from prior years:

- Reclassification of the Tax Collection Fund activities as custodial funds
- Change in the activity that is reported through the tax collection custodial fund
- Recognition of a liability to the beneficiaries in each fiduciary fund only when an event has occurred that compels the government to disburse fiduciary resources
- Presentation of additions and deductions on the statement of changes in fiduciary net position for all fiduciary funds, including custodial funds
- Additional footnote disclosures

## Key areas of focus and significant findings

### Significant risks of material misstatement

A significant risk is an identified and assessed risk of material misstatement that, in the auditor's professional judgment, requires special audit consideration. Within our audit, we focused on the following areas below.

| Significant risk areas          | Testing approach                                                                                                                                                                                  | Conclusion                                                               |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| Management override of controls | Incorporate unpredictability into audit procedures, emphasize professional skepticism and utilize audit team with industry expertise                                                              | Procedures identified provided sufficient evidence for our audit opinion |
| Improper segregation of duties  | Appropriate audit staffing of the various audit areas, maintenance of professional skepticism, performance of elements of unpredictable audit procedures in the design and performance of testing | Procedures identified provided sufficient evidence for our audit opinion |

### Other key areas of emphasis

We also focused on other areas that did not meet the definition of a significant risk, but were determined to require specific awareness and a unique audit response.

| Other key areas of emphasis             |                           |                                              |
|-----------------------------------------|---------------------------|----------------------------------------------|
| Cash and investments                    | Revenues and receivables  | General disbursements                        |
| Payroll                                 | Pension liabilities       | Long-term debt                               |
| Capital assets including infrastructure | Net position calculations | Financial reporting and required disclosures |

## Internal control matters

We considered the City's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements. We are not expressing an opinion on the effectiveness of the City's internal control.

A material weakness is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We identified the following deficiencies as material weaknesses:

### - **Inadequate Segregation of Duties**

A properly designed system of internal control includes adequate staffing as well as policies and procedures to properly segregate duties. This includes systems that are designed to limit the access or control of any one individual to your government's assets or accounting records, and to achieve a higher likelihood that errors or irregularities in your accounting processes would be discovered by your staff in a timely manner.

At this time, due to staffing and financial limitations, the proper internal controls are not in place to achieve adequate segregation of duties. As a result, errors, irregularities or fraud could occur as part of the financial reporting process that may not be discovered by someone in your organization. Therefore, we are reporting a material weakness related to the internal control environment.

### - **Financial Statement Close Process**

Properly designed systems of internal control provide your organization with the ability to process and record accurate monthly and year-end transactions and annual financial reports.

Our audit includes a review and evaluation of the internal controls relating to financial reporting. Common attributes of a properly designed system of internal control for financial reporting are as follows:

- There is adequate staffing to prepare financial reports throughout the year and at year-end.
- Material misstatements are identified and corrected during the normal course of duties.
- Complete and accurate financial statements, including footnotes, are prepared.
- Financial reports are independently reviewed for completeness and accuracy.

### - **Missing Key Controls**

There are certain controls that are not currently in place related to significant transaction cycles. As a result, there is a risk that erroneous or unauthorized transactions or misstatements could occur without the knowledge of management or the governing body. Our recommendations for strengthening controls are listed below.

#### **Controls Over Accounts Payable/Disbursements**

- There should be a separate review and approval of retainages at year end.

#### **Controls Over Payroll**

- Persons preparing the payroll should be independent of other personnel duties or restricted from access to the payroll account.

### **Controls Over Property Taxes**

- Bank reconciliations for the tax account should be performed by someone independent of the tax collection process.
- There should be adequate review and approval of the journal entries to record taxes receivable and the tax settlements.

Since the controls listed above or other compensating controls are not currently in place, errors or irregularities could occur as part of the accounting processes that might not be discovered by management or the governing body. Therefore, the absence of these controls is considered to be a material weakness.

We recommend that a designated employee review the segregation of duties, risks, and these potential controls and determine whether additional controls should be implemented. This determination should take into consideration a cost / benefit analysis.

## **Other comments and recommendations**

### **Prior Year Points**

#### ***Information Technology (Per 12/31/18 Letter)***

As part of our audit, we look at the city's controls over information technology. There are some areas that we recommend the city review to determine if information technology controls could be strengthened:

- We noted that while the city backs up its data, it does not test the system to ensure the back ups can be restored.
- No one is reviewing access rights annually to determine if employees have the appropriate rights for their job duties.

#### ***Status 12/31/2019***

This point is still valid.

### ***Equipment Replacement Account Annual Deposit (Per 12/31/17 Letter)***

The sewer department is required to fund an equipment replacement account on an annual basis as required by the department's bond resolutions. The required annual deposit is determined by the department's engineers on a periodic basis. During the audit we noted the annual deposit of \$158,000 was not made during the year. We recommend the annual cash transfer be made annually.

### ***Status 12/31/2019***

The annual deposit was not made in 2019 for the Equipment Replacement fund. This point continues to remain valid.

### ***Impact Fees (Per 12/31/17 Letter)***

During 2017, the city identified that it potentially has collected park fees in the past that could be impact fees. Impact fees are governed by state statutes and include a number of requirements, such as restriction of cash accounts and requirement to refund unspent funds after a certain number of years. We recommend the city determine the source of the park fees collected based on city resolutions and historical data to determine if additional requirements need to be met.

### ***Status (12/31/19)***

This point is still valid.

### ***Departmental Controls (Per 12/31/12 Letter)***

As part of our annual audit process, we focus our efforts on the primary accounting systems, internal controls, and procedures used by the city. This is in keeping with our goal to provide an audit opinion which states that the financial statements of the city are correct in all material respects. In some cases, the primary system of accounting procedures and controls of the city are supported by smaller systems which are decentralized, and reside within a department or location. In many cases, those systems are as simple as handling cash collections and remitting those collections to the city treasurer. (For example, this would be the case in a typical municipal swimming pool.) In other cases, the department may send invoices or statements of amounts due, and track collections of those amounts in a standalone accounts receivable system. (For example, this would be the case in a typical municipal court.) Generally, the more centralized a function is, the easier it is to design and implement accounting controls that provide some level of checks and balances. That is because you are able to divide certain tasks over the people available to achieve some segregation of duties. For those tasks that are decentralized, it is usually very difficult to provide for proper segregation of duties. Therefore, with one person being involved in most or all aspects of a transaction, you lose the ability to rely on the controls to achieve the safeguarding of assets and reliability of financial records.

As auditors, we are required to communicate with you on a variety of topics. Since there is now more emphasis on internal controls and management's responsibilities, we believe it is appropriate to make sure that you are informed about the lack of segregation of duties that may occur at departments or locations that handle cash or do miscellaneous billing. Examples in your city that fit this situation may include the following:

Swimming pool  
Library  
Police department  
Fire department

As you might expect, similar situations are common in most governments.

As auditors, we are required to focus on the financial statements at a highly summarized level and our audit procedures support our opinion on those financial statements. Departments or locations that handle relatively smaller amounts of money are not the primary focus of our audit. Yet, because of the lack of segregation of duties, the opportunity for loss is higher there than in centralized functions that have more controls.

Because management is responsible for designing and implementing controls and procedures to detect and prevent fraud, we believe that is important for us to communicate this information to you. We have no knowledge of any fraud that has occurred or is suspected to have occurred within the departments mentioned above. However, your role as the governing body is to assess your risk areas and determine that the appropriate level of controls and procedures are in place. As always, the costs of controls and staffing must be weighed against the perceived benefits of safeguarding your assets. Without adding staff or splitting up the duties, your own day-to-day contact and knowledge of the operation are also important mitigating factors.

***Status (12/31/19)***

This recommendation still pertains to the cash collections made at the swimming pool.

## Qualitative aspect of accounting practices

- Accounting policies: Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we have advised management about the appropriateness of accounting policies and their application. The significant accounting policies used by City are described in Note I to the financial statements. As noted below, the City changed accounting policies in 2019 in relation to its fiduciary activities and direct borrowings or debt placements. We noted no transactions entered into by the City during the year for which accounting policies are controversial or for which there is a lack of authoritative guidance or consensus or diversity in practice.
- GASB 84: As described in Note I, the City changed accounting policies related to financial reporting for fiduciary activities by adopting Governmental Accounting Standards Board (GASB) No. 84 - *Fiduciary Activities* in 2019.
- GASB 88: As described in Note I, the City changed accounting policies related to financial reporting for debt disclosures by adopting Governmental Accounting Standards Board (GASB) No. 88 – *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* in 2019.
- Accounting estimates: Accounting estimates, including fair value estimates, are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements, the degree of subjectivity involved in their development and because of the possibility that future events affecting them may differ significantly from those expected. The following estimates are of most significance to the financial statements:

| Estimate                                    | Management's process to determine                                                                           | Baker Tilly's conclusions regarding reasonableness            |
|---------------------------------------------|-------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------|
| Net pension liability and related deferrals | Evaluation of information provided by the Wisconsin Retirement System                                       | Reasonable in relation to the financial statements as a whole |
| Allowance for doubtful accounts             | Evaluation of historical revenues and loss levels with the analysis on collectability of individual amounts | Reasonable in relation to the financial statements as a whole |
| Depreciation                                | Evaluate estimated useful life of the asset and original acquisition value.                                 | Reasonable in relation to the financial statements as a whole |

There have been no significant changes made by management to either the processes used to develop the particularly sensitive accounting estimates, or to the significant assumptions used to develop the estimates, noted above.

- Financial statement disclosures: The disclosures in the financial statements are neutral, consistent and clear.

## **Significant unusual transactions**

There have been no significant transactions that are outside the normal course of business for the City or that otherwise appear to be unusual due to their timing, size or nature.

## **Difficulties encountered during the audit**

We encountered no significant difficulties in dealing with management and completing our audit.

## **Disagreements with management**

Professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

## **Management's consultations with other accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing or accounting matters.

## **Written communications between management and Baker Tilly**

The Appendix includes copies of other material written communications, including a copy of the engagement letter and a draft of the management representation letter.

## **Corrected misstatements**

Professional standards require us to accumulate misstatements identified during the audit, other than those that are clearly trivial and to communicate accumulated misstatements to management.

Management is in agreement with the misstatements we have identified, and they have been corrected in the City's financial statements. The schedule within Appendix C summarizes the material corrected misstatements that, in our judgment, may not have been detected except through our auditing procedures.

## **Compliance with laws and regulations**

We did not identify any non-compliance with laws and regulations during our audit.

## **Fraud**

We did not identify any known or suspected fraud during our audit.

## **Going concern**

Pursuant to professional standards, we are required to communicate to you, when applicable, certain matters relating to our evaluation of the City's ability to continue as a going concern for a reasonable period of time but no less than 12 months from the date the financial statements are issued or available to be issued, including the effects on the financial statements and the adequacy of the related disclosures, and the effects on the auditor's report. No such matters or conditions have come to our attention during our engagement.

## **Independence**

We are not aware of any relationships between Baker Tilly and the City that, in our professional judgment, may reasonably be thought to bear on our independence.

## **Related parties**

We did not have any significant findings or issues arise during the audit in connection with the City's related parties.

## **Other audit findings or issues**

We encountered no other audit findings or issues that require communication at this time.

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

## **Other matters**

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information which accompanies the financial statements but is not RSI. With respect to the supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with [accounting principles generally accepted in the United States of America or the modified cash basis of accounting], the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

## Nonattest services

The following nonattest services were provided by Baker Tilly:

- Financial statement preparation
- Adjusting journal entries
- Accounting assistance
- CIVIC Software
- Complied regulatory reports
- Complied TIF financial statements
- Utility rate consulting

In addition, we prepared GASB No. 34 conversion entries which are summarized in the “Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position” and the “Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities” in the financial statements.

None of these nonattest services constitute an audit under generally accepted auditing standards, including *Government Auditing Standards*.

## Preparing for the new lease standard

GASB's new single model for lease accounting will be effective for the upcoming year. This standard will require governments to identify and evaluate contracts that convey control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. Contracts meeting the criteria for control, term and other items within the standard will result in recognizing a right to use asset and lease liability or a receivable and deferred inflow of resources.

We recommend City review this standard and start planning now as to how this will affect your financial reporting. We recommend that you begin by completing an inventory of all contracts that might meet the definition of a lease. The contract listing should include key terms of the contracts such as:

- Description of contract
- Underlying asset
- Contract term
- Options for extensions and terminations
- Service components, if any
- Dollar amount of lease

In addition, City should begin to establish a lease policy to address the treatment of common lease types, including a dollar threshold for each lease. We are available to discuss this further and help you develop an action plan.

## **Planning for the new conduit debt reporting**

Conduit debt includes arrangements where there are three separate parties involved including a third party that is obligated for payment, a debt holder or lender and an issuing party which is often a government. This standard provides additional criteria for identifying and classifying conduit debt with the intent of providing consistency in how the debt is recorded and reported in governmental financial statements. The City should identify any existing debt arrangements involving third party obligors and evaluate how those arrangements will be reported under the new standard in order to determine the potential impact of this standard on future financial reporting.

# Trending challenges for organizations

Management and the governing body of the City must keep the future in mind as they evaluate strategies to achieve future growth. Keeping a balance between risk and sustainability is key, and organizations need to think beyond their immediate needs to their long term goals. Economic uncertainty, coupled with key risk areas and fast paced technology change, make strategic planning complex. Begin the discussion with your management team to find your path to your future.

## 2020 strategic risks for boards

### Evaluating and mitigating the greatest risks

Public sector organizations face a multitude of internal and external risks in an evolving landscape. Risks can stem from strategy, finances, legal situations, operations, regulatory compliance, information technology, economic environment, and/or fraud, waste and abuse.

By employing a risk assessment, areas with the greatest needs and highest risks are evaluated. Then a risk mitigation plan can be developed and deployed.

## Cybersecurity

### Operational reporting on cybersecurity effectiveness

As boards engage management in cybersecurity risk discussions, directors should expect management to produce reports on the effectiveness of the organization's cybersecurity-risk management program. Management can (and should) collect and analyze relevant performance measures and metrics to determine if cybersecurity safeguards and controls are operating as intended, and whether any corrective action should be taken to strengthen management's risk-mitigation approaches. While not an exhaustive list, some key processes on which management should report include these:

- Incident management
- Risk management and governance
- Independent assurance on the cybersecurity program

## Data privacy

### Elevating privacy risks to the forefront of board agendas

Organizations around the world are still scrambling to comply with the General Data Protection Regulation in the European Union, which went into effect in May 2018. While the data privacy regulatory environment changes rapidly, organizations can take proactive steps to ensure that they stay informed of the existing regulations and of those developing on the near horizon.

Adequate oversight remains a key part of staying on top of data privacy developments. Some regulations specify oversight requirements, and can depend on the type of the organization, the quantity and type of personal data processed, and the locations where operations take place. In many cases, a data protection officer (DPO) must lead the effort. Since the DPO is responsible for overseeing practices related to data protection strategy and implementation, having one in place early on will help ensure that the privacy program is comprehensive and consistent.

## The talent problem

### Establishing a lifeline for your shifting workforce

Employee recruitment and retention challenges are an all too common struggle in the public sector:

- Aging workers with institutional knowledge retire
- High demand for small qualified candidate pool
- Perception of geographic disadvantages
- Wage/benefit competition with private sector
- Lean operations exclude investments in recruitment, on-the-job training and technology
- Unclear growth and career advancement tracks

Sustainable organizations must have a robust workforce development and succession planning program. Learn how to get started and incorporate a workforce/succession planning program with existing operational practices.

## Innovation

### Anticipating disruptive innovation and digital transformation

To stay competitive and relevant in a rapidly changing business landscape, organizations in every industry must navigate an increasingly disruptive, technology-enabled environment. Companies that do not address and embrace new and emerging technologies will be less competitive or may even face obsolescence.

Given these challenges to companies, what does innovation mean in this era of digital transformation? Innovation now involves finding the right problems worth solving; building new offerings, business models, and experiences; and generating value at scale for customers.

Furthermore, the rapid digital transformation of advanced technologies such as blockchain, robotic process automation (RPA), and artificial intelligence (AI) now portend similar effects in industries from financial services and healthcare to communications and manufacturing. Boards must become

knowledgeable about these digital disruption trends in order to be able to conduct meaningful oversight that management can use successfully as the organization embraces new technologies.

## Customer experience

### Finding your edge in a competitive market

All industries are facing an increasingly competitive marketplace due to more connected consumers, partners and vendors. Where an organization may have had a geographic advantage in the past, they now need to be able to compete against non-local organizations.

One of the key factors in maintaining your place in the market is ensuring a positive, fast and easy customer experience. Whether this means enhancing your customer support services through online chat bots or developing a mobile app to allow your customer access to their information around the clock, your organization needs to take your customer experience strategy seriously. Management and board members should understand where your experience is currently and what strategies you are evaluating to enhance it.

# Operational and organizational sustainability

## Aligning resources with strategy

As new demands confront the public sector industry, it's easy to solve an immediate problem instead of pausing to take a holistic view. Rippling inefficiencies, increasing financial pressures, taxing staff resources and plummeting constituent satisfaction can pile atop organizations already facing pressure to improve efficiency, effectiveness, relevance and financial viability.

An operational review follows a systematic, strategic approach to understanding an entity's operations and performance. Opportunities to improve processes, bolster internal controls and reduce costs are uncovered in order to realign organizational resources and strategic objectives.

## COVID-19 Risks and ongoing response

### Staying nimble and resilient during unprecedented disruption

COVID-19 has challenged all organizations and the effects continue to unfold. It is critical that management and governing bodies stay nimble to respond to direct and indirect effects of this disruption on operations, cash flow, and people. Some best practices to consider include:

- Establish mechanisms to track COVID-19 related expenses, lost revenues or delayed revenues
- Monitor cash flow projections and seek short term liquidity help
- Create a policy and forms for compliance with Family First Coronavirus Response Act
- Compare anticipated results to bond covenants and track any continuing disclosure items
- Re-evaluate TIF projections with revised development scenarios
- Develop a strategy for leading your community through the crisis

## **Appendix B: Management representation letter**

June 10, 2020

Baker Tilly Virchow Krause, LLP  
Ten Terrace Court  
P.O. Box 7398  
Madison, WI 53707-7398

Dear Baker Tilly Virchow Krause, LLP:

We are providing this letter in connection with your audit of the financial statements of the City of Reedsburg as of December 31, 2019 and for the year then ended for the purpose of expressing opinions as to whether the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Reedsburg and the respective changes in financial position and cash flows, where applicable, in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation of the previously mentioned financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control over financial reporting, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, the following representations made to you during your audit.

#### **Financial Statements**

- 1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter.
- 2) The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America. We have engaged you to advise us in fulfilling that responsibility. The financial statements include all properly classified funds of the primary government and all component units required by accounting principles generally accepted in the United States of America to be included in the financial reporting entity.
- 3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

- 4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5) Significant assumptions we used in making accounting estimates, if any, are reasonable.
- 6) All events subsequent to the date of the financial statements and for which accounting principles generally accepted in the United States of America require adjustment or disclosure have been adjusted or disclosed. No other events, including instances of noncompliance, have occurred subsequent to the financial statement date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.
- 7) All material transactions have been recorded in the accounting records and are reflected in the financial statements.
- 8) All known audit and bookkeeping adjustments have been included in our financial statements, and we are in agreement with those adjustments.
- 9) There are no known or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements. There are no unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with accounting principles generally accepted in the United States of America.
- 10) Guarantees, whether written or oral, under which the City of Reedsburg is contingently liable, if any, have been properly recorded or disclosed.

#### **Information Provided**

- 11) We have provided you with:
  - a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as financial records and related data, documentation, and other matters.
  - b) Additional information that you have requested from us for the purpose of the audit.
  - c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
  - d) Minutes of the meetings of City Council or summaries of actions of recent meetings for which minutes have not yet been prepared.
- 12) We have not completed an assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 13) We have no knowledge of any fraud or suspected fraud that affects the entity and involves:
  - a) Management,
  - b) Employees who have significant roles in internal control, or
  - c) Others where the fraud could have a material effect on the financial statements.

- 14) We have no knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, regulators, or others.
- 15) We have no knowledge of known instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
- 16) There are no known related parties or related party relationships and transactions of which we are aware.

**Other**

- 17) There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
- 18) We have a process to track the status of audit findings and recommendations.
- 19) We have identified to you any previous financial audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- 20) The City of Reedsburg has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
- 21) We are responsible for compliance with federal, state, and local laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits, debt contracts, and IRS arbitrage regulations; and we have identified and disclosed to you all federal, state, and local laws, regulations and provisions of contracts and grant agreements that we believe have a direct and material effect on the determination of financial statement amounts or other financial data significant to the audit objectives, including legal and contractual provisions for reporting specific activities in separate funds.
- 22) There are no:
  - a) Violations or possible violations of budget ordinances, federal, state, and local laws or regulations (including those pertaining to adopting, approving and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency, or for reporting on noncompliance, except those already disclosed in the financial statement, if any.
  - b) Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by accounting principles generally accepted in the United States of America.
  - c) Nonspendable, restricted, committed, or assigned fund balances that were not properly authorized and approved.
  - d) Rates being charged to customers other than the rates as authorized by the applicable authoritative body.
  - e) Violations of restrictions placed on revenues as a result of bond resolution covenants such as revenue distribution or debt service funding.

23) In regards to the nonattest services performed by you listed below, we have 1) accepted all management responsibility; 2) designated an individual with suitable skill, knowledge, or experience to oversee the services; 3) evaluated the adequacy and results of the services performed, and 4) accepted responsibility for the results of the services.

- a) Financial statement preparation
- b) Adjusting journal entries
- c) Compiled TIF financial statements
- d) Compiled regulatory reports
- e) Civic Systems software
- f) Utility rate consulting
- g) Accounting assistance as requested

None of these nonattest services constitute an audit under generally accepted auditing standards, including *Government Auditing Standards*.

- 24) The City of Reedsburg has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
- 25) The City of Reedsburg has complied with all aspects of contractual agreements that would have a material effect on the financial statement in the event of noncompliance.
- 26) The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations, if any. Component units have been properly presented as either blended or discrete.
- 27) The financial statements properly classify all funds and activities.
- 28) All funds that meet the quantitative criteria in GASB Statement No. 34 and No. 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
- 29) Components of net position (net investment in capital assets; restricted; and unrestricted) and components of fund balance (nonspendable, restricted, committed, assigned and unassigned) are properly classified and, if applicable, approved.
- 30) The City of Reedsburg has no derivative financial instruments such as contracts that could be assigned to someone else or net settled, interest rate swaps, collars or caps.
- 31) Provisions for uncollectible receivables, if any, have been properly identified and recorded.
- 32) Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
- 33) Revenues are appropriately classified in the statement of activities within program revenues and general revenues.

- 34) Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
- 35) Deposits and investments are properly classified, valued, and disclosed (including risk disclosures, collateralization agreements, valuation methods, and key inputs, as applicable).
- 36) Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated/amortized. Any known impairments have been recorded and disclosed.
- 37) Tax-exempt bonds issued have retained their tax-exempt status.
- 38) The operations and rate setting process meet the condition for application of accounting for regulated operations as outlined in GASB No. 62. All regulatory items included in the financial statements have been approved and are being accounted for in accordance with specific action taken by the regulatory body and as such the expectation of future recovery or refund is reasonable.
- 39) We have appropriately disclosed the City of Reedsburg's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available and have determined that net position were properly recognized under the policy. We have also disclosed our policy regarding which resources (that is, restricted, committed, assigned or unassigned) are considered to be spent first for expenditures for which more than one resource classification is available.
- 40) We acknowledge our responsibility for the required supplementary information (RSI). The RSI is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.
- 41) With respect to the supplementary information, (SI):
  - a) We acknowledge our responsibility for presenting the SI in accordance with accounting principles generally accepted in the United States of America, and we believe the SI, including its form and content, is fairly presented in accordance with accounting principles generally accepted in the United States of America. The methods of measurement and presentation of the SI have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
  - b) If the SI is not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the supplementary information no later than the date we issue the supplementary information and the auditor's report thereon.
- 42) We assume responsibility for, and agree with, the information provided by the Wisconsin Retirement System as audited by the Legislative Audit Bureau relating to the net pension asset/liability and related deferred outflows and deferred inflows and have adequately considered the reasonableness of the amounts and disclosures used in the financial statements and underlying accounting records. We also assume responsibility for the census data that has been reported to the plan.
- 43) We have evaluated and considered all potential tax abatements and believe all material tax abatements have been properly reported and disclosed.
- 44) All activities that meet the criteria in GASB Statement No. 84 for presentation as fiduciary activities have been identified and presented as such.

- 45) Any direct borrowings, direct placements, lines of credit or debt default clauses have been identified and properly disclosed.
- 46) We have determined that the effects of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, is not material to the city's financial statements.

Sincerely,

City of Reedsburg

## Appendix C: Corrected misstatements

# Material corrected misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Management has corrected all such misstatements.

The following is a summary of material financial statement misstatements (audit adjustments):

| Opinion unit    | Description                                                                      | Amount    |
|-----------------|----------------------------------------------------------------------------------|-----------|
| General Fund    | Correct investments, PILOT, Interfunds/advances.                                 | 2,775,455 |
| Debt Service    | Correct interfunds.                                                              | 1,600     |
| Non-major Funds | Correct capital outlay, receivables, loans receivables                           | 4,879,293 |
| Sewer Utility   | Correct pension activity, depreciation, account receivables, and investments.    | 3,783,279 |
| Storm Utility   | Correct pension activity, depreciation, account receivables, and lease activity. | 1,067,594 |

The remaining misstatements that were identified and corrected by management were not material individually or in the aggregate to the financial statements taken as a whole.

A close-up photograph of a person's hands and arms at a wooden table. The person is wearing a light blue long-sleeved shirt and a black watch with a brown strap. They are holding a black pen and writing on a white document. In the background, another person's hands are visible, gesturing during a conversation. The scene is set in a meeting or office environment.

## Appendix D: Two-way communication regarding your audit

As part of our audit of your financial statements, we are providing communications to you throughout the audit process. Auditing requirements provide for two-way communication and are important in assisting the auditor and you with more information relevant to the audit.

As this past audit is concluded, we use what we have learned to begin the planning process for next year's audit. It is important that you understand the following points about the scope and timing of our next audit:

- a. We address the significant risks of material misstatement, whether due to fraud or error, through our detailed audit procedures.
- b. We will obtain an understanding of the five components of internal control sufficient to assess the risk of material misstatement of the financial statements whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures. We will obtain a sufficient understanding by performing risk assessment procedures to evaluate the design of controls relevant to an audit of financial statements and to determine whether they have been implemented. We will use such knowledge to:
  - Identify types of potential misstatements.
  - Consider factors that affect the risks of material misstatement.
  - Design tests of controls, when applicable, and substantive procedures.
- c. We will not express an opinion on the effectiveness of internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant programs
- d. The concept of materiality recognizes that some matters, either individually or in the aggregate, are important for fair presentation of financial statements in conformity with generally accepted accounting principles while other matters are not important. In performing the audit, we are concerned with matters that, either individually or in the aggregate, could be material to the financial statements. Our responsibility is to plan and perform the audit to obtain reasonable assurance that material misstatements, whether caused by errors or fraud, are detected.

Our audit will be performed in accordance with auditing standards generally accepted in the United States of America.

We are very interested in your views regarding certain matters. Those matters are listed here:

- a. We typically will communicate with your top level of management unless you tell us otherwise.
- b. We understand that the governing board has the responsibility to oversee the strategic direction of your organization, as well as the overall accountability of the entity. Management has the responsibility for achieving the objectives of the entity.
- c. We need to know your views about your organization's objectives and strategies, and the related business risks that may result in material misstatements.
- d. We anticipate that the City will receive an unmodified opinion on its financial statements.
- e. Which matters do you consider warrant particular attention during the audit, and are there any areas where you request additional procedures to be undertaken?
- f. Have you had any significant communications with regulators or grantor agencies?
- g. Are there other matters that you believe are relevant to the audit of the financial statements?

Also, is there anything that we need to know about the attitudes, awareness, and actions of the governing body concerning:

- a. The entity's internal control and its importance in the entity, including how those charged with governance oversee the effectiveness of internal control?
- b. The detection or the possibility of fraud?

We also need to know if you have taken actions in response to developments in financial reporting, laws, accounting standards, governance practices, or other related matters, or in response to previous communications with us.

With regard to the timing of our audit, here is some general information. If necessary, we may do preliminary financial audit work during the months of October-December, and sometimes early January. Our final financial fieldwork is scheduled during the spring to best coincide with your readiness and report deadlines. After fieldwork, we wrap up our financial audit procedures at our office and may issue drafts of our report for your review. Final copies of our report and other communications are issued after approval by your staff. This is typically 6-12 weeks after final fieldwork, but may vary depending on a number of factors.

Keep in mind that while this communication may assist us with planning the scope and timing of the audit, it does not change the auditor's sole responsibility to determine the overall audit strategy and the audit plan, including the nature, timing, and extent of procedures necessary to obtain sufficient appropriate audit evidence.

We realize that you may have questions on what this all means, or wish to provide other feedback. We welcome the opportunity to hear from you.

## RESOLUTION

*(Waiving Interest and Penalties on Property Tax Payment Installments  
Due on or After April 1, 2020)*

FILE NO. **4415-20**

### RESOLUTION NO. 4415-20

**WHEREAS**, in December, 2019, a novel strain of coronavirus known as COVID-19 was detected, and COVID-19 has continued to spread throughout the world, including to the United States and the State of Wisconsin ("COVID-19 Pandemic"); and

**WHEREAS**, the federal government, state governments, and local governments are working together to contain the further spread of the disease and treat existing cases; and

**WHEREAS**, on January 31, 2020, the United States Department of Health and Human Services declared a Public Health Emergency, on March 11, 2020, the World Health Organization declared COVID-19 a pandemic, on March 12, 2020 the Governor of the State of Wisconsin declared a Health Emergency in the State, and on March 17, 2020, Sauk County (the "County") declared a state of emergency under authority granted by Wis. Stats. Chap. 323; and

**WHEREAS**, the federal government has enacted various laws and regulations in response to the COVID-19 Pandemic including, without limitation, the Families First Coronavirus Response Act and the Coronavirus Aid, Relief, and Economic Security Act; and

**WHEREAS**, because of the COVID-19 Pandemic, on March 24, 2020, Secretary-designee Andrea Palm of the Wisconsin Department of Health Services issued Emergency Order #12, Safer at Home Order ("Safer at Home Order") requiring that everyone in Wisconsin stay at their home or place of residence except in limited circumstances until April 24, 2020; and

**WHEREAS**, on April 16, 2020, Secretary-designee Palm extended the Safer at Home Order, with certain modifications, to May 26, 2020, pursuant to Emergency Order #28; and

**WHEREAS**, the federal, state, local and individual responses to the COVID-19 Pandemic and the uncertainty as to the effectiveness of those responses in mitigating the duration of the COVID-19 Pandemic have created economic hardship and uncertainty for the City of Reedsburg business community, households throughout the municipality and for every property taxpayer; and

**WHEREAS**, prominent economists have predicted record level unemployment rates for the coming months and this prediction suggests that City of Reedsburg residents will also experience record level unemployment rates in the coming months, and an unprecedented

number of businesses and employers throughout the State and in the County have been required to suspend operations; and

**WHEREAS**, in response to the COVID-19 Pandemic, the various federal laws and regulations implemented as a result of the COVID-19 Pandemic, and the various emergency orders and regulations implemented by state and local governments, on April 15, 2020, the Wisconsin Legislature enacted 2019 Wisconsin Act 185 ("Act 185"), which Governor Evers signed on April 16, 2020; and

**WHEREAS**, Section 105(25) of Act 185 authorizes, among other things, the County to adopt a resolution enabling taxation districts in the County to waive interest and penalties on 2020 property tax installment payments due and payable after April 1, 2020, until October 1, 2020; and

**WHEREAS**, a resolution authorizing the above referenced waiver must also establish criteria for determining hardship that would qualify a property tax payer for the waiver; and

**WHEREAS**, the County's authorization for a taxation district to implement the above referenced waiver is contingent upon a taxation district adopting a resolution in similar form and content as to the County's resolution; and

**WHEREAS**, the County has adopted a resolution authorizing taxation districts in the County to implement the above-referenced waiver; and

**WHEREAS**, the City of Reedsburg desires to waive interest and penalties on 2020 property tax installment payments due and payable after April 1, 2020, until October 1, 2020

**WHEREAS**, pursuant to Section 105(25) of Act 185, this Resolution is intended to waive interest and penalties on installment payments of property taxes due and payable after April 1, 2020, in a manner consistent with Act 185 and declare that all property taxpayers in the City of Reedsburg are experiencing hardship as a result of the economic conditions associated with the COVID-19 Pandemic, the various federal laws and regulations implemented as a result of the COVID-19 Pandemic, the various emergency orders and regulations implemented by state and local governments, and Act 185; and

**WHEREAS**, while the plain language of Section 105(25) of Act 185 allows for either a general or a "case-by-case" finding of hardship to qualify for the above referenced waiver of interest and penalties, the County has only authorized a taxation district to waive interest and penalties for all property taxpayers in the County otherwise eligible for waiver under Section 105(25) of Act 185 on a finding of general hardship based upon the economic conditions described in this Resolution, which the City of Reedsburg Common Council determines has adversely affected all taxpayers in the City of Reedsburg; and

**NOW THEREFORE BE IT RESOLVED** that pursuant to Section 105(25) of Act 185, the Common Council hereby finds and authorizes the following:

1. Because of the COVID-19 Pandemic, the various federal laws and regulations implemented as a result of the COVID-19 Pandemic, the various emergency orders and regulations implemented by state and local governments, and Act 185, the Common Council finds that all City property taxpayers are experiencing hardship as that term is used in Section 105(25) of Act 185.
2. The City of Reedsburg hereby waives interest and penalties for property taxes payable in 2020 for an installment payment that is due and payable after April 1, 2020. This Resolution waives interest and penalties as provided in Section 105(25) of Act 185 for all property taxpayers in the City of Reedsburg such that the waiver is available to all property taxpayers in the City of Reedsburg. Notwithstanding the foregoing, nothing in this Resolution waives interest and penalties for property taxes payable in 2020 for an installment payment that was due and payable prior to April 1, 2020, except as otherwise permitted under applicable law.
3. The County has confirmed that upon adoption of this Resolution, the County will settle in full with the City of Reedsburg on August 20, 2020, as provided under Wis. Stat. § 74.29(1).
4. City of Reedsburg officers are authorized and directed to assist the County in the interpretation, application and implementation of this Resolution and Section 105(25) of Act 185.

**BE IT FURTHER RESOLVED** that all actions heretofore taken by the Common Council and other appropriate public officers and agents of the City of Reedsburg with respect to the matters contemplated under this Resolution are hereby ratified, confirmed and approved.

**ADOPTED** on this 22nd day of June, 2020.

**ORDINANCE NO. 1907-20**  
**(Brantley Annexation Correction)**

The City of Reedsburg, Sauk County, Wisconsin, does hereby ordain as follows:

SECTION I: PURPOSE.

In March 2020, the Common Council approved the Brantley Annexation, 1711 Fawn Valley Drive, and asked Sauk County to adjust the county supervisory district lines. Based on the opinion of the Wisconsin Elections Commission, Sauk County declines and advised that the annexed territory must comprise a separate City ward. This ordinance amends the annexation ordinance and creates a 15<sup>th</sup> Ward which will be shown on the City’s Ward Boundaries Map.

SECTION II: PROVISIONS REPEALED AND RECREATED.

City of Reedsburg Ordinance #1902-20 is amended.

SECTION III: PROVISIONS AS RECREATED.

City Ordinance No. 1902-20 is amended as follows:

- A. Section V. Ward Designation. The annexed territory shall be designated City of Reedsburg Ward 15 and made part of Aldermanic District 3. The territory shall remain part of Sauk County Supervisory District 11.
- B. City of Reedsburg Code sec. 9-2 is amended as follows:  
  
9-2 City Wards.     There shall be ~~44~~ **15** City wards, The map showing the Ward boundaries is attached hereto as Exhibit A and incorporated herein by reference.

SECTION IV: VALIDITY.

Should any section, clause or provision of the ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION V: CONFLICTING PROVISIONS REPEALED.

All ordinances in conflict with any provisions of this ordinance are hereby repealed.

SECTION VI: EFFECTIVE DATE.

This ordinance shall be in force from and after its introduction and publication as provided by statute.

SECTION VII: PART OF CODE:

This Ordinance becomes part of the City of Reedsburg Code, Chapter 9.

Dated this 27<sup>th</sup> day of July 2020.

**Subject: Request to amend Tourist Rooming Houses (TRH); ORD 1905-20 (1<sup>st</sup> Reading)**

### BACKGROUND AND REQUEST

The current ordinance for tourist housing (e.g. AirBNB, VRBO, etc) only allows them if the structure is owner occupied. The reasons for this are: 1) to help prevent proliferation of them in Reedsburg, and 2) to better police them by having the owner living onsite. Renting by the night can increase the likelihood of neighbor conflicts (e.g. noise, traffic, trash, etc) and reduced property values. In the past, Reedsburg has had three TRHs. Two were owner occupied and never had a nuisance complaint to my knowledge, while the third was not owner occupied and had numerous complaints.

The proposed ordinance was remanded to the Plan Commission on 4/13. After discussion there, the Plan Commission recommends the following:

- Allows one non-owner occupied TRH regardless of ownership status.
- Changes appeals from Ordinance Committee to Plan Commission.
- Prohibits transferring licenses between owners.
- Prohibits more than one non-associated party from renting on the same dates.

If the Mayor and City Council are ready, the following action may be made:

**ORDINANCE NO. 1905-20**  
(Amending Chapter 556 – Tourist Rooming Houses)

The Common Council of the City of Reedsburg, Sauk County, Wisconsin, does hereby ordain as follows:

**SECTION 1: PURPOSE.**

The main purpose of this ordinance is to amend Chapter 556 by removing the requirement that a Tourist Rooming House be owner-occupied. It also changes review from Ordinance Committee to Plan Commission.

**SECTION II: PROVISIONS AMENDED.**

City of Reedsburg Code Chapter 556 is hereby amended by this ordinance:

§ 556-2 Definitions; license and registration; room tax.

A "tourist rooming house" (TRH) is any lodging place or tourist cabin and cottage, other than hotels and motels, in which sleeping accommodations are offered for pay to tourists or transients. It does not include private boarding or rooming houses not accommodating tourists or transients, bed-and-breakfast establishments or units operated by a hotel, motel or resort. An "Owner" means the holder of record of an estate in possession in fee simple, or for life, in land or real property, or a vendee of record under a land contract for the sale of an estate in possession in fee simple or for life but does not include the vendor under a land contract. A tenant in common or joint tenant is an owner to the extent of his or her interest.

§ 556-2 C. An Owner may operate one (1) non-owner occupied TRH, otherwise only the owner-occupant of the property may operate a TRH.

§ 556-2 D. An annual TRH license is not transferrable to a new owner.

§ 556-2 E. A non-owner occupied TRH may not be rented to non-associated parties during the same dates.

§ 556-2 F. The license shall remain in effect, subject to annual reviews by the Building Inspector, to verify in writing that a lodging license has been obtained and is current and the conditions attached to the license and all requirements of this chapter are adhered to. Reapplication for renewal shall be required with a change in ownership, alterations to the operational rules, noncompliance with the standards of this chapter, or documented violations. If there are two nuisance violations during an annual licensing period, the license may be revoked following a hearing by the Plan Commission.

§ 556-3 Standards for tourist rooming houses.

E. No TRH shall be located within 250 feet from any other TRH, bed-and-breakfast, or boardinghouse unless approved by the Plan Commission after notifying parties of interest.

SECTION III: VALIDITY.

Should any section, clause or provision of the ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION IV: CONFLICTING PROVISIONS REPEALED.

All ordinances in conflict with any provisions of this ordinance are hereby repealed.

SECTION V: EFFECTIVE DATE.

This ordinance shall be in force from and after its introduction and publication as provided by statute.

SECTION VI: PART OF CODE:

This Ordinance becomes part of the City of Reedsburg Code, Chapter 556.

Dated this 13<sup>th</sup> day of July 2020.

Date of Meeting: June 22, 2020

**SUBJECT: Rezoning request from B-1 Business to B-3 Business; ORD 1906-20 (1<sup>st</sup> Reading)**

### BACKGROUND AND REQUEST

The former Parkview Bed & Breakfast has ended operation with the sale of the property. The new owners are now using the property as simply a single-family residence. Residential uses in the B-1 zone can only be an accessory use to a main commercial use.

Therefore this rezoning to B-3 would bring the current use into zoning compliance while also allowing a future B&B or other small business to use the property. This is similar to the mass rezonings the City did a few years ago to downtown and Main St residences.

APPLICANT: City of Reedsburg  
LOCATION: 211 N. Park St; parcel #0869  
REZONING: B-1 Business to B-3 Business  
DESCRIPTION: Consider rezoning of this property from B-1 Business to B-3 Business.

#### SURROUNDING LAND USES:

- North – Commercial
- West – Commercial
- South – Commercial
- East – City Park

#### ZONING:

**ORDINANCE NO. 1906-20**  
**(Zoning Change – 211 North Park St; Parcel #276-0869-00000)**

The City of Reedsburg, Sauk County, Wisconsin, does hereby ordain as follows:

SECTION I: PURPOSE.

This property contains a former bed & breakfast. The new owner is using the dwelling as simply a single-family residence. The proposed B-3 zone will allow both the current residence and potentially a future B&B or small business.

SECTION II: PROVISION AMENDED.

The zoning map for the City of Reedsburg as set forth in the official map provided for in the Ordinances for the City of Reedsburg is hereby permanently amended so as to zone the territory listed below in the manner set forth below.

SECTION III: PROPERTY ZONING

Parcel #276-0869-00000 – 211 North Park Street, Reedsburg, Wisconsin, is hereby zoned B-3 Business Local

A property map may be obtained or accessed from the City Clerk at Reedsburg City Hall, 134 S. Locust St, Reedsburg, WI; (608) 524-6404; [www.reedsburgwi.gov](http://www.reedsburgwi.gov) .

SECTION IV: VALIDITY.

Should any section, clause or provision of the ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION V: CONFLICTING PROVISIONS REPEALED.

All ordinances in conflict with any provisions of this ordinance are hereby repealed.

**Subject: WWTP Compliance Maintenance Annual Report (CMAR) Resolution 4414-20**

---

## BACKGROUND AND REQUEST

Annual Compliance Maintenance Annual Report (CMAR) required DNR report.

We continue to be downgraded for influent loadings due to an increase in loadings over the last few years. We are currently working on our Facility Plan which will give us a DNR approved planning document and also re-evaluate to plants capacity. Our sludge storage grade has improved from last year due to our sludge hauling contract. Overall the plant has performed very well in 2019 even with the increased loadings.

6.2 Did your facility accept hauled industrial wastes, landfill leachate, etc.?

● Yes

○ No

If yes, describe the types of wastes received and any procedures or other restrictions that were in place to protect the facility from the discharge of hauled industrial wastes.

We accept leachate from the foundry and cheese whey from Cedar Grove cheese regularly. We also took one load of cheese waste from Carr Valley cheese.

NOTE: Limit exceedances are considered for monthly OR weekly averages but not both. When a monthly average limit exists it will be used to determine exceedances and generate points. This will be true even if a weekly limit also exists. When a weekly average limit exists and a monthly limit does not exist, the weekly limit will be used to determine exceedances and generate points.

1.2 If any violations occurred, what action was taken to regain compliance?

## Biosolids Quality and Management

### 1. Biosolids Use/Disposal

1.1 How did you use or dispose of your biosolids? (Check all that apply)

- ☒ Land applied under your permit  
☒ Publicly Distributed Exceptional Quality Biosolids  
☐ Hauled to another permitted facility  
☐ Landfilled  
☐ Incinerated  
☐ Other

NOTE: If you did not remove biosolids from your system, please describe your system type such as lagoons, reed beds, recirculating sand filters, etc.

1.1.1 If you checked Other, please describe:

### 3. Biosolids Metals

Number of biosolids outfalls in your WPDES permit:

3.1 For each outfall tested, verify the biosolids metal quality values for your facility during the last calendar year.

If Yes, please describe:

5.3 Explain any Infiltration/inflow (I/I) changes this year from previous years:

I/I was less prevalent in 2019 because there was no localized flooding that took place.

5.4 What is being done to address Infiltration/inflow in your collection system?

The city continues to do flow monitoring in the collection system and has a list of manholes to be raised, sealed or repaired. Certain homes and businesses are also being removed from lower areas in the city where I/I has posed issues during flood events.

FILE NO. 4414-20

WHEREAS, the City of Reedsburg operates a Wastewater Treatment Facility; and

WHEREAS, the Compliance Maintenance Annual Report was reviewed by the City Council and attached to this Resolution; and

WHEREAS, City of Reedsburg has set forth the following actions necessary to maintain effluent requirement contained in the WPDES Permit:

- (a) Reaffirm our commitment to operator certification upgrading.
- (b) Knowing that the Treatment Plant operates 24 hours a day, 7 days a week, we commend our State Certified Treatment Plant Operators for thorough planning, innovative and cost-efficient approaches to the collection, treatment and recycling of effluent and bio-solids.
- (c) Review bio-solids storage facility and evaluate design capacity. Review B. O. D. of the plant influent and industrial users for accuracy and that sampling is representative of the waste received.
- (d) The City is currently working on a new Facility Plan to improve operations for current and future loadings.

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of Reedsburg, Sauk County, Wisconsin that the City informs the Wisconsin Department of Natural Resources that the above actions were taken by the Common Council of the City of Reedsburg.

# Reedsburg Arts Committee Grant Application

## Harvest Park Crosswalk

2/27/20

---

### Describe the Applicant

Reedsburg ArtsLink, founded in 2014, is a local arts nonprofit serving all disciplines and serving the Reedsburg area. ArtsLink was the brainchild of 2 local artists and an arts advocate seeking to grow the culture of creativity in the Reedsburg Area.

ArtsLink functions both as a cultural anchor and a catalyst for creative endeavors within the Reedsburg community by maximizing existing arts activities and creating its own free or low-cost programming. In addition, it advocates for local art and artists, and function as a liaison between stakeholders in government, business and education. Our first major initiative was Ruminant/Harvest Park Project which began in 2014 and brought a nationally recognized, award-winning sculpture to Reedsburg's downtown and established it as the focal point of a new city park, Harvest Park.

Since then, ArtsLink has initiated multiple permanent and temporary public art projects including murals, crosswalks and large-scale participatory public art installations. Additional programming has included Youth Arts Programming, Artist Socials, 2<sup>nd</sup> Sundays @ The Painted Forest in partnership with Edgewood College, and the Reedikulus Arts Crawl.

**Mission:** Reedsburg ArtsLink works to unify, enrich and enliven its community via the arts.

**Vision:** The Reedsburg Area is vibrant with creative activity year-round and increasingly recognized as an arts hub in South Central Wisconsin.

### Project Description

The goal of this project is to create a charming, harvest-related crosswalk mural that connects Reedsburg's Chamber of Commerce and Harvest Park on Railroad Street. The dimensions of the crosswalk will be the length of the street and otherwise standard and as required by the City of Reedsburg for a "zebra" style crossing. The materials required for this project are simply the artists design, street paint and brushes.

The purposes of this project are multi-faceted. The street mural builds upon the harvest theme of Harvest Park and strengthens Reedsburg's identity as a community with strong agricultural roots. It also creates a themed connection between what functions as Reedsburg's visitors' center and a park designed to help welcome them.

This project builds upon the success of a mural ArtsLink commissioned for this location in 2016 and dubbed "the corncob crosswalk", please see image attached. It also answers a call from community

members for the renewal of the crosswalk, as noted in Distinctly Downtown Reedsburg meetings and during a 2019 Reedsburg ArtsLink listening session.

The 2020 Harvest Park Crosswalk project will be managed by Reedsburg ArtsLink. Baraboo-based artist Laura Annis has been invited to design and lead the painting of the crosswalk. Laura was selected for a variety of reasons; she's a local artist who's completed many outstanding community projects, her aesthetic is fitting, she has an excellent reputation, and charges a price that is more than fair. Working with Reedsburg ArtsLink, Laura designed the 400 Trail Mural in 2015. Please see image attached.

The actual painting of the mural is expected to take one 8-hour day, with the support of at least 3 painters in addition to the artist. Since painting must occur when conditions are dry, multiple rain dates will be planned. Because Railroad is a busy street, barricades will be set up along with volunteer traffic controllers on each end and one lane of traffic will remain open at all times.

The crosswalk walk mural is expected to wear naturally over the years. Based on our experience with the last mural installed there, we expect the mural to have a life of approximately 2 years before significant fading. Laura's preliminary design draft is attached for your review. This design will be refined by the artist with input from all stakeholders once funding is approved. Please see attached the artist's preliminary design.

## **Timeline**

### **March-May 2020**

Working with the artist, the Reedsburg Arts Committee, the Chamber and the Public Works Department, finalize the crosswalk design.

### **May-June 2020**

Recruit 5-10 volunteers to help with traffic control and painting.

### **June-July 2020**

Complete the installation of the mural

## **Project Partners**

*Reedsburg Arts Committee:* funding and approval of final design

*Reedsburg Public Works Department:* review of any needed street repairs for the section of street to be painted, approval of final design for safety; donation of paint; use of city barricades and cones, possible use of city pressure washer for painting prep

*Reedsburg Police Department:* notification of street painting and traffic disruption; use of water spicket on police building

*Reedsburg Chamber of Commerce:* input on design concept, promotion as part of city's cultural attributes, as appropriate

Discussions with project partners will begin once project is approved by the arts committee

## **Benefits to the City of Reedsburg/Community Engagement**

The Harvest Park Cross Walk will enhance the streetscape on the Railroad Street corridor, which is transitioning from industrial to commercial/residential in its downtown segment. The new, beautiful and modern Walnut Street Flat Apartments have just been completed and are renting. The crosswalk creates visual interest and reflects further investment in that neighborhood. It also helps draw attention to the Chamber of Commerce, which welcomes so many of Reedsburg's visitors. In addition, it serves the greater Reedsburg community by adding to Reedsburg's growing cultural assets and making it a more vibrant place to visit and live. Communities that feel authentic are more likely to make a positive—and lasting—impression. The crosswalk strengthens Reedsburg's identity by reflecting its agricultural roots, which remain strong. Reedsburg is one of very few communities of its size that still supports a working feed mill; ours located just half a block west of Harvest Park.

The 400 Trail is already drawing thousands of visitors each year, and each of those visitors will decide whether they'd like to return at some point in the future, as a guest, or even as a new resident. A rich cultural environment supports a stronger connection to our community for them, and for those who currently call Reedsburg home.

## **Laura Annis, Artist**

Laura Annis grew up in Trevor, WI and studied art at Columbia College in Chicago. After college, she remained in Chicago to work for 10 years. Her first introduction to Reedsburg was as a resident artist at the Wormfarm Institute in 2011. As part of her residency, she participated as a Farm Art DTour artist, and in the same year, relocated to Baraboo with her husband John, where she established a studio. She has produced a body of work that includes paintings, installations, set design and murals. Her murals are featured locally and internationally. She exhibits regularly within and beyond the Baraboo community and has been a Fall Art Tour artist since 2014. She is a member of Walldogs, a group of sign and mural artists from all over the globe, and the Global Mural Association.

## **Joann Mundth Douglas, Project Manager**

Joann co-founded Reedsburg ArtsLink in 2014 and is currently the volunteer Director. Since then, she has managed multiple large and medium scale public art projects in Reedsburg including the award-winning Ruminant/Harvest Park project, the Blue Wing Mural project (in collaboration with Little Eagle Arts Foundation), the 400 Trail Community Mural, City Park's *To Re-Wild*, The Wishing Tree, and the Reedikulus Polychrome Walleye and Wildflower. She has a B.S. from UW Eau Claire and a certificate in Rural Arts Management awarded by Arts Wisconsin.

## **Ruminant Maintenance Funding Request & Proposal**

Presented to the Reedsburg Arts Committee

Following up on meetings with the Arts Committee and City Staff in 2019, Reedsburg ArtsLink requests funding for upgrades to Ruminant, the large-scale public art installation that is the focal point of Harvest Park.

Drawing from the artist's proposal, the attached budget outlines the upgrades and the associated costs.

Upgrades will occur as funds are raised in the coming 3 years. Our goal is to raise the funds needed to upgrade 2/3 of Ruminant's light boxes in 2020.

This spring/summer, the 4<sup>th</sup> and final phase of Harvest Park Development will occur. This includes two new benches and landscaping on the north and west sides of the park.
