3. Qualifying Event

To receive donated leave, an employee must apply for and receive approval for leave under the Family and Medical Leave Policy. Employees may request leave for a serious health condition affecting themselves, their spouse, parent, child, stepchild or someone with whom the employee has an "In Loco Parentis" relationship. Donated leave may not be used for parental leave following the birth or placement of a child for adoption or foster care

4. Sick Leave Accruals

Donating employees may donate accrued sick leave which will be converted on a straight hour for hour basis to the recipient employee's sick leave account. Donated hours can only be credited for subsequent use. Any hours donated after the payroll cut off shall not be retroactively applied.

The donated leave, when converted, will be treated and utilized as sick leave for all authorized purposes. If the donated sick leave is unused when the employee returns to work, the recipient employee may retain the sick leave hours or return them to the original donating employee.

Employees, while using donated leave on an approved Family Medical Leave, will continue to be eligible for City paid health benefits.

If the leave was medically related, the City may require medical documentation that the employee is fit to return to work. An employee returning from an approved leave of absence shall be reinstated into the employee's former position subject to operational considerations.

Failure to report back to work at the expiration of any leave shall be considered a voluntary resignation.

In the event an emergency, weather or other, situation exists at the start of the work day or continues from a previous day, non-exempt employees who do not report for work shall not be paid. However, at the employee's request, the day or days may be counted as vacation time or compensatory time, if available, rather than have their pay reduced because of the missed time. Any employee who chooses to go home will not be paid for the balance of the day, but will be given the opportunity to make up the lost hours during the balance of the work week, if possible.

218 Travel Policy

The purpose of this policy is to establish the rules governing travel expenses and to detail procedural matters concerning travel authorization, documentation and accounting. This policy is applicable for all travel expenses incurred on behalf of the City by employees, elected officials and Board and Commission members.

A. Policy. The City recognizes that business travel is necessary at times to conduct City business, and to attend out of town professional conferences, training sessions and meetings to enhance an employee's skill base. The following provisions address the types of reimbursement available to employees, as well as procedures for obtaining travel advances and submitting expenses for reimbursement.

This does not prohibit the use of mobile or portable radios.

The City will not be responsible for damage to employees' cars while on City business.

Employees should not drive to meetings, training or conferences when the travel time requires more than eight-hours, unless the employee is utilizing holiday or vacation time. In such instances, no reimbursement will be made for lodging, meals or other incurred expenses.

2. Lodging

Employees are expected to stay at mid-priced and economy hotels unless a conference discount is available at more expensive facilities. Receipts for lodging are required. Personal

telephone calls, internet access, movie rentals and other similar charges will not be reimbursed.

City employees are exempt from paying sales tax in Wisconsin and should avoid so by furnishing retailers with tax exempt certificate.

Lodging reimbursement shall be limited to the minimum number of nights required to conduct the assigned City business. Employees choosing to arrive early or stay later will not be reimbursed for additional lodging or related expenses.

- The training is directly related to the employee's job; and
- The employee is performing productive work while attending the training program.

- Travel time to a one-day program in another city: All hours spent traveling are considered hours worked.
- Travel time to a program involving an overnight stay: Time spent traveling is counted as hours worked if it coincides with the employee's regular work hours. This is true even if it falls on a day that is normally a non-working day for the employee (i.e. Saturday or Sunday travel time during regular work hours will be counted as hours worked).

5. Registration and/or Tuition Fees

Registration and tuition fees for professional and technical meetings and conferences are reimbursable, upon submittal of receipts, or may be paid directly by the City.

It is up to each employee to help make the City a safe workplace for all employees. The expectation is that each employee will treat all other employees, as well as customers and potential customers of the City with dignity and respect. Employees can and should expect management to care about their safety and to provide as safe a working environment as possible by having preventive measures in place and, if necessary, by dealing immediately with threatening or potentially violent situations which occur.

Prohibited conduct includes, but is not limited to:

1. Injuring another person physically;
2. Engaging in behavior that creates a reasonable fear of injury to another person;

All threats of or actual acts of violence either direct or indirect, should be reported as soon as possible to an employee's immediate department head or supervisor. This includes threats by employees as well as threats by domestic partners, citizens, vendors, solicitors, or any other member of the public. When reporting a threat or actual acts of violence, the employee should be as specific and detailed as possible.

All suspicious individuals or activities should also be reported as soon as possible to the department head. An employee should not place him or herself in real or perceived danger. If an employee sees or hears a commotion or disturbance near their workstation, the employee shall not attempt to intercede. The department head or supervisor should be contacted, and, if appropriate, 911 called.

The department head or designee will promptly investigate all reports of threats or actual acts of violence and suspicious individuals or activities. The identity of the individual making the report will be kept confidential to the extent possible. In order to maintain workplace safety and maintain the integrity of the investigation, the City may suspend employees, either with or without pay, pending the outcome of the investigation.

Employees found to be responsible for threats of, or actual acts of violence of other conduct that is in violation of this policy will be subject to immediate disciplinary action, up to, and including

termination of employment. If a person other than a City employee is found to be responsible for threats or actual acts of violence or other conduct that is in violation of this policy, the City will prohibit such person from entering onto City property.

Employees have a duty to ask the employee's physician whether any medication may create a work safety issue.

Any employee who is involved in a material work-place accident or incurs a work-place injury will be required to follow DOT testing requirements if they hold a CDL licenses and are performing a safety-sensitive function at the time of the accident or injury.

A positive test for illegal drugs or a positive alcohol test will be considered a violation of this rule and may be grounds for discipline, up to and including termination.

If an employee's supervisor has reasonable suspicion to believe that an employee is either using or under the influence of alcohol and/or illegal drugs during working hours, the employee may be required to submit to a reasonable medical evaluation which may include urinalysis, a blood test, or breath-screening test.

Any employee who refuses to submit to a reasonable medical examination shall be considered insubordinate and subject to disciplinary action, up to and including termination.

The City encourages employees who have alcohol/drug dependency to seek counseling or treatment. The City operates an Employee Assistance Program for regular employees.

Employees are required to notify the Administrator within five (5) calendar days following filing of charges and/or conviction of a criminal drug or driving under the influence of alcohol statute. The City may be required to advise Federal/State granting agencies of any convictions, as a condition of receiving assistance.

Employees who are required to possess a Commercial Driver's License (CDL) or those who directly supervise employees who must possess a CDL must comply with the City's drug and alcohol testing policies and federal and state licensing laws governing CDL's.

405 Employee Assistance Program

The City shall operate an Employee Assistance Program (EAP). This program is available for full-time or part-time employees only and is not available to seasonal or limited term employees. The EAP shall offer confidential assessment and counseling services for employees and dependents.

Employees may be requested to attend the EAP as part of a positive program toward improving the employee's performance. Employees are encouraged to enter the program on a voluntary basis. The City recognizes that personal, behavioral and medical circumstances can affect a person's health, safety and/or job performance. Employees may also be affected if their family members experience these circumstances. For these reasons, the City encourages employees and their dependents to use the EAP as a source for good information about many life circumstances and problem solving.

Reports from the agency, firm or person designated to operate the EAP for the City shall only provide the Administrator with summary reports indicating the amount of program usage.

Nothing in this policy shall obligate the City to assume any financial responsibility for the services provided to an employee or a dependent.

- A. The City will provide assistance for employees and their dependents facing life circumstance issues to find and access informational, diagnostic, counseling, treatment and support resources.
- B. The City of Reedsburg contracts with a Employee Assistance Program (EAP) provider for the City, employees and dependents. The EAP provides up to two hours of assistance each year for assessments, problem solving, resource identification, etc., for each employee and eligible dependent. Employees and eligible dependents that require treatment, additional services or support will be referred to suggested resources that can best meet their needs. The employee or dependents are responsible for all diagnostic and treatment services provided to the employee or dependent.
- C. The City will not discriminate against any employee in areas of job security or promotional opportunity due to their use of the EAP. An individual's voluntary participation in the EAP is confidential and will not be made part of the individual's personnel record. An individual participating in the EAP retains all benefits otherwise available.

- D. Employees are encouraged to contact the EAP voluntarily for a confidential assessment for any life circumstance issue for which they need good information.
- E. It shall be the employee's option to accept or reject a referral to the EAP or any subsequent referral to other resources.
- F. When job performance is affected, the supervisor may offer referral to the EAP at the written warning and suspension stage of discipline. A supervisor or co-worker may remind employees of the availability of EAP services at any time. Acceptance or non-acceptance of a referral to the EAP will not affect the application of discipline. The offer of EAP services should be documented.
- G. There is no cost to the employee or dependent for using the EAP (up to two hours). If an employee or dependent is referred for additional services (treatment, legal, counseling, financial, etc.) the cost of such services is the employee's or dependent's responsibility. City employee benefits, such as health insurance, may defray some of the cost. Employees may not abuse the opportunity to use the EAP.

Employees and dependents may contact the City Administrator for the phone number for the EAP to schedule an assessment. Appointments will be scheduled at locations or in a manner convenient to the employee or eligible dependent at mutually agreed upon times. Employees and dependents may also contact the City's EAP Coordinator or the Administrator for information about the EAP or assistance in scheduling.

Supervisors should contact the EAP Coordinator or the Administrator for consultation and support in any employee performance problem situation. It is the supervisor's job to monitor employee job performance, not to diagnose or counsel employees about personal problems.

If requested, either the EAP Coordinator or Administrator will meet with any employee or dependent to facilitate a referral to the EAP for a professional assessment.

406 Solicitation

In the interest of maintaining a proper business environment and preventing interference with City work and inconvenience to its customers, the City establishes the following rules related to solicitations and distribution of literature on City property, except as authorized by the Administrator:

- Employees may not distribute literature or printed materials of any kind, sell merchandise, solicit financial contributions or solicit for any other cause during work time.
- Employees may not distribute literature at any time in working areas.

- Non-employees may not solicit or distribute literature in or on any City buildings at any time for any purpose.

"Work time" includes the working time of both the employee doing the soliciting and/or distributing and the employee to whom the soliciting and/or distributing is directed. "Work time" does not include break periods, meals periods or any other specified periods during the work day when employees are not, with the permission of their supervisor, engaged in performing their work tasks.

"Working areas" includes all areas of City premises which it owns or has control in which work time activities are taking place and also includes the public areas of the premises.

407 Electronic Communications and Access to Information

This policy governs the use of the City's computers and information systems ("computer networks") by its employees.

Privacy. Any use of the City's computer networks by an employee constitutes a waiver of any right to privacy concerning such use. This includes personal communications. The City reserves the right and may exercise the right to review, audit, intercept, and disclose all communications on City networks at any time without prior notice to employees.

Software. The City has the exclusive right to install all software used on the City's computer networks. The installation of any software on the City's computer networks and work stations during work time or personal time without the City's express approval is prohibited. The City will remove all unauthorized software from its servers or work stations. The City will monitor software use by City employees for licensing purposes and to protect against viruses and unauthorized use of the City's servers or workstations by third parties. All software downloaded must be registered to and becomes the property of the City. Any software or files downloaded via the Internet into the City's network becomes City property.

All software must be used only in ways that is consistent with its license or copyright. No employee may use the City's Internet or e-mail facilities to knowingly download or distribute pirated software or data. Violation of any software license agreements or information services contracts by the unauthorized duplication of software, files, operating instructions or reference manuals is strictly prohibited.

Data. All data, whether on a server or on a workstation, is the City's property. Employees shall not purposefully delete or modify the work product of another City employee, a City member, or customer without the City's consent.

Some data in the City's computer networks is highly confidential; particularly, the City's customer information database ("CID") and all related data of the City members' retail customers and related analyses. The release of such City data to third parties shall be governed by applicable law and City policies concerning the release of retail customer data and related analyses, and the release of data from its CID.

Security and Remote Access. The City may provide employees with a unique user identification (UserID) to gain access to the City computer networks. Authorized users of the City networks will also be required to enter a password to gain access to their individual and shared areas on the network servers and other information resources located on the networks.

The City will provide each City employee or consultant requiring remote access with a unique identification (UserID) to gain access to the City remote communications servers. Remote access is provided to employees needing to access City computer equipment, software, and data from a location other than City offices or member locations. To avoid long distance charges, employees should use the City designated no-charge mode of access. City supervisors are responsible for determining the need for access by City employees.

City employees will be responsible for maintaining the confidentiality of their UserID's and passwords. City employees are required to change their passwords as directed. City employees shall notify the City if they believe that unauthorized users have obtained UserID or password information to gain access to their user area or the City's networks.

The City will change consultant passwords or remove UserID's as frequently as necessary to maintain security on City computer networks.

If the City believes that the security of the City computer networks has been compromised by an unauthorized user or otherwise, the City shall take appropriate action to disable the UserID and passwords of users, work stations, or other access points to the system that may be involved. The City shall revoke an employee's UserID access to the City computer networks upon termination of City employment at the City or at any time based on information indicating the employee has engaged in conduct that could disrupt, interfere, or expose the networks to damage or to unauthorized use.

The City may install filters to block access to inappropriate Internet sites. However, the fact that access to a particular site is not blocked does not necessarily mean that it is an appropriate site.

Computers that use modems to create independent data connections may interfere with the City's network security mechanisms and can potentially be used by a third party to compromise the City's network security. Any computer used for independent dial-up or leased-line connections to any City computer or network must be approved by the City and must be isolated from the City's internal networks.

Prevention of Computer Viruses. Computer viruses and other debilitating programs present a major threat to the integrity of the City's information systems. Viruses are programs that infiltrate a computer environment and disrupt or damage computers, networks, program applications, and data. To prevent such problems from occurring on the City's computer networks, authorized persons will install anti-virus software on servers and workstations. Servers and workstations will be scanned for viruses on a regular basis.

All disks and work station hard drives will be presumed to have viruses. Authorized users on the City's computer networks will, therefore, be responsible for scanning every disk before each use to prevent the propagation of viruses on workstation hard drives, to prevent any potential disruption to the networks, or any disruption that may occur by the transmission of data or material containing a virus to third parties.

Monitoring Communications and Software Use. All communications and data on the City computer networks may be public records subject to disclosure under the state open records law, with certain exceptions. All communications on and uses of the City's networks or applications of any licensed software program installed in a work station or server during work or personal time may be monitored from time-to-time. City employees should be aware that any such communications and other uses of the networks are not private and that the City reserves the right and may exercise the right to access and disclose all messages on the City networks at any time with or without prior notice to the employee.

Data Storage. The City shall be responsible for organizing all data on the City computer networks in a manner that will allow users to readily access files and other information on the networks.

The City shall further establish procedures or protocols governing the deletion and retention of all data on the networks, including the development of record retention schedules.

While the City is responsible for disaster recovery and backup of all data on City servers, City authorized users on the computer networks are responsible for protecting data or information maintained locally at their workstation. This includes backing up data on individual work stations to ensure that data saved on individual work stations conforms to established record retention schedules and that such data is available to authorized users during the appropriate retention periods.

E-Mail. The content and maintenance of the City's electronic mail and shared file storage areas are the user's responsibility. Authorized users should follow standard business etiquette in using this medium.

Like all other communications on the City computer networks, City employees should be aware that electronic mail messages sent within the City networks or on the Internet using the City's computer equipment are not private communications and that all e-mail messages are the property of the City. The City reserves the right to access, review, and disclose all e-mail messages. The City staff should regard all e-mail messages as non-private communications that may be viewed by others.

Employees using e-mail should delete unwanted messages or files immediately in order to preserve disk storage space. Alternatively, users should transfer to disks or hard drives any e-mail messages or files the user wants to save.

Internet Access. The Internet provides access to a wide variety of resources that can assist City employees in the performance of their jobs. The City may monitor Internet usage at work stations and remote sites and maintain a record of employee time on the Internet and sites accessed.

The services available on the Internet are provided on a fee basis or free of charge. Each system has its own rules and limitations. City employees must be aware of computer security and privacy concerns associated with the use of various systems on the Internet. Employees must also guard against computer viruses. Employees must be aware of the costs involved in conducting research or communications on the Internet and must not incur charges for Internet usage without the Administrator's consent.

Personal Use of Networks and Computers. The City recognizes that employee computer use and the information resources available on the City computer networks can enhance employee knowledge of electronic information resources and can sharpen their information technology skills. Personal use of computers during non-working hours is permitted in order to enhance those skills so long as such use does not interfere with the employee's job responsibilities, the work of other City employees or members, or is used to the benefit of third parties. At no time, however, shall the City's computer networks, work stations, or laptops be used by employees for non-City business related purposes by an employee or on behalf of a third party. The City also reserves the right to limit personal use on a case-by-case basis, where more than incidental personal use or abuse becomes apparent to the City.

Personal use of Internet access and e-mail services is permitted during personal time provided that the accessed sites are at no cost to the City and as long as the employee agrees that any messages received or sent may be accessed, reviewed, and disclosed by the City at its discretion. An employee using City equipment on personal time must follow all guidelines set forth in this policy.

Personal time includes breaks, lunchtime, and time outside of established work hours. Employees using the resources to fulfill job responsibilities always shall have a priority over those desiring access for personal use.

All costs associated with personal use of the City's computer networks for printing information must be paid for by the employee. Employees shall reimburse the City for such costs by submitting a Personal Use form to the City Manager.

The use of storage space on servers for personal data is prohibited. Personal data may be stored on an employee's hard drive at individual workstations provided that space is available.

Social Networking. The City recognizes that employees may access and use internet or other social media sites, including LinkedIn, Facebook, My Space, Twitter, Instant Messaging, chat rooms, web sites etc. (collectively referred to for purposes below as "social network").

The City recognizes that there may be legitimate business reasons to access and use social networks for work purposes. If an employee has a legitimate business need to use social networks during working time, the employee should obtain advance approval from the employee's supervisor. Whether or not such usage is approved by the City, the following standards apply to employees' use of social networks:

- A. The City reserves the right to monitor social network use whether during work time, and outside of work hours if such use impacts the City.
- B. Any social networking performed on City property or using City networks is City property and employees do not have any expectation of privacy with respect to any communications utilizing them. The City reserves the right to access and review such usage at any time.
- C. Employees shall not use social networks to disclose trade secrets and confidential information or engage in unauthorized disclosure of City activities through such usage.
- D. Employees shall not display City logos and trademarks on social network sites without the City's permission.
- E. Use of social networks during working time is prohibited except with supervisory approval. Social networks may be used for personal purposes during non-working time (breaks or lunch) and then only in such a fashion as to not impact any employee's performance of City duties and in a manner not prohibited by this policy.
- F. Employees shall not use of the City's email address for registration on social networking sites.
- G. Employees shall not post false or defamatory information regarding the City or any of its employees on social networks.
- H. Employees shall not use of social networking sites in a manner which violates the City's harassment policy or other portions of this Electronic Communications policy.
- I. If an employee participates in social networking activities in such a manner that the employee's affiliation with the City is evident, the employee shall designate that the views expressed by the employee are the employee's private views and not the City's.
- J. An employee shall not represent, either expressly or implicitly, that the employee is a spokesperson for the City, unless authorized to do so by the City.
- K. If an employee expresses an opinion about the City's product or services or those of a City's client, the employee shall disclose that the employee is employed by the City.
- L. Non-exempt employees may not use social networking sites for approved work-related tasks during non-working hours.

Nothing in this policy shall be construed to limit an employee's exercise of §111.70(2), Stats., rights.

Any violations of these provisions may be grounds for discipline, up to and including termination.

Prohibited Activities. City employees shall not interfere with or disrupt the City's computer networks, other networks users, services, programs, software, or equipment.

Interference or disruption with the City networks, other network users, services, software, or equipment may include, but are not limited to the following:

- the use of the City system and/or networks to gain unauthorized access to remote systems;
- the use of the City system to copy unauthorized system files or copyrighted material, such as third-party software;
- intentional attempts to "crash" the City network systems or programs;
- attempting to secure unauthorized higher level privileges on the networked systems;
- the willful or negligent introduction of computer viruses or destructive programs that could adversely affect the City networks;
- sharing password and password information with any other person. If a City employee does share the employee's UserID with another person, the employee shall be solely responsible for the actions that other person has appropriated;
- deleting, examining, or modifying files or work product belonging to other employees without their prior consent; or
- using the network or any of its authorized software for personal gain or solicitation, to harass or threaten others, to send junk mail or "for-profit" messages.

Employees are also prohibited from engaging in the following conduct on the City networks:

- accessing sites or displaying items that may be regarded as offensive, indecent, or obscene by other employees or visitors;
- using abusive or obscene language in any messages transmitted on the networks, including any internal or external e-mail messages and Internet communications;
- engaging in behavior on the networks that is prohibited by the City's policy on harassment;
- engaging in any other conduct that could cause congestion and disruption of the City's networks and systems;

- posting commercial notices or other solicitations;
- engaging in use which is illegal, including the violation of copyright, gambling and pornography laws; or,
- accessing or attempting to access confidential information, including personnel records, medical records and financial information pertaining to the City or any of its employees.

Compliance with Laws. City employees will be responsible for adhering to local, state, and federal laws in conducting their work on the City's computer networks. Any attempt to break those laws through the use of the networks may result in litigation against the offender by the proper authorities. If such an event should occur, the City will fully cooperate with the appropriate authorities to provide any information necessary to assist the relevant law enforcement authorities during the investigation process.

409 Chain of Command

Operation of any government agency depends on an effective chain of command. The ultimate decision concerning policy in the City of Reedsburg resides by law with the Common Council under the leadership of the Mayor and City Administrator. The Administrator, as chief administrative officer of the City of Reedsburg, is the primary professional advisor to the City of Reedsburg and head of the management team. The Directors of Departments of the City are part of the management team, and report to the Administrator. Supervisors subordinate to the Directors are also members of the management team. This management team concept is the process by which a recommendation for action is developed and the decision implemented. This system represents a means of establishing orderly lines of organization and communication as management personnel unite to promote effective services for the community.

The Administrator is responsible for the development, supervision, and operation of the City and its personnel and facilities. The Administrator is given the latitude to determine the best method of implementing the policy decisions of the City Council.

All staff members and supervisors shall be responsible to the City Council and the Mayor through the City Administrator. Each shall refer matters requiring administrative attention to his or her supervisor, who shall refer such matters to the next higher authority, when necessary, and through the Administrator to the City Council. Each employee is to keep the person that the employee reports to informed of the employee’s activities by whatever means the supervisor deems appropriate. If an employee has any questions, opinions or suggestions about the information contained in this Manual or about any other aspect of his or her job, then those questions, opinions or suggestions must be directed through the chain of command.

The Administrator and those Department leaders, supervisors, and employees directed by the Administrator shall attend meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation – as distinct from deliberation, debate and voting of the Council members.

Any employee who receives directives or requests from any individual citizen, business representative or elected or appointed official are to immediately report such directive or request to the employee’s supervisor. No specific directives or requests from such persons are to be fulfilled unless permission to do so is given by the employee’s supervisor.

Generally, if an employee has a problem with an individual, then the employee is encouraged to approach that person first and attempt to resolve the conflict. If that does not resolve the problem, then the employee must address the problem through the employee’s immediate supervisor and onward through the chain of command. In some cases, the employee’s supervisor may decide to

refer the problem through the chain of command where it can be addressed by another supervisor or the City Administrator. If an employee feels harassed by another person based on one's protected status, then the employee is directed to follow the harassment reporting Policy in this Manual.

An employee's supervisor is required to discuss the subject of personal appearance with the employee if it does not positively reflect the image of the City. Employees who are inappropriately dressed in the supervisor's opinion may be sent home and required to return to work in acceptable attire. Under these circumstances the employee shall not be paid for time away from the work site. Employees who do not comply with this policy may be subject to discipline, up to and including termination.

502 Tobacco

The use of tobacco or electronic smoking device (as defined in §315-9(C)(2)) products is not allowed in City buildings, facilities or vehicles.

503 Safety

The City attempts to balance City-wide control of some safety and risk management functions with departmental responsibility for the implementation of most functions. Each and every employee should be involved in contributing to a safe environment. Continual emphasis on safety and loss prevention techniques and the refinement of work procedures have been shown to significantly reduce injuries, property damage, and work interruptions. The City has designated the City Administrator as Safety Director and all employees are required to follow direction given by him/her in the area of Risk Management or safety issues. The Safety Director, or designee, will also keep and maintain incidence logs and keep adequate records as required by the state or federal government.

As a condition of employment, all employees are expected to adopt a concept that the safe way to perform a task is the most efficient and the only acceptable way to perform that task. Supervisors have been charged with the responsibility of maintaining a safe work environment and establishing safety rules and adequate training for all under their jurisdiction. Employees are responsible for following the safety rules, wearing the required protective equipment, promptly reporting all unsafe actions, practices and conditions that they observe, reporting all accidents and injuries occurring within the course of their employment, and cooperating and assisting in the investigation of accidents to identify causes and corrective measures to prevent their occurrence. Subsequent offenses will be subject to discipline.

Employees shall know the housekeeping requirements of any job to which they are assigned and are required to carry them out.

505 Tools and Equipment

City employees shall take pride in their work and in the supplies and equipment that they use in their work. 506 First Aid or Injury

The City is required to maintain accurate and complete records concerning work-related injuries and illnesses and expects each employee to cooperate in this duty. Therefore, an employee who becomes ill or sustains an injury while at work, no matter how slight, must report it immediately to a supervisor. Failure to report any work-related accident or injury is a violation of City policy and may result in discipline, up to and including discharge.

Employees who require medical assistance will be sent/taken for emergency treatment.

Federal and state laws require the City to keep an accurate record of time worked in order to calculate employee pay and benefits. Employees shall sign their time records to certify the accuracy of all time recorded. Supervisors shall review and initial the time records before submitting them to payroll for processing. In addition, if corrections or modifications are made to the time record, both the employee and the supervisor must verify the accuracy of the changes by initialing the time record. Exempt employees are required to turn in bi-weekly time sheets to the Deputy Clerk/Treasurer.

Unnecessary tardiness and absenteeism has a disruptive impact on City operations and may result in discipline and ultimately termination of employment.

Employees are required to call in and report absences or tardiness to their supervisor before the start of the work day unless circumstances prevent the employees from calling in. If an emergency situation exists, the employee must notify the supervisor at the earliest reasonable time.

An employee who fails to report for work for three (3) consecutive workdays without notice will be deemed to have voluntarily terminated City employment.

Personal communications should be made during lunch or break periods to minimize disruption of the workday, whenever possible. Misuse or abuse of this personal communication privilege may result in disciplinary action, up to and including termination.

SECTION 6

Disciplinary and Termination Procedures

601 Discipline

City employees are at-will employees. This means that either the City or the employee may terminate the employee's employment at any time for any reason, with or without cause and with or without notice, so long it is not for an illegal purpose. The following corrective actions are available for supervisors to use. The City is not required to follow a progression of discipline, but may impose such corrective action as it deems appropriate for the circumstances. These procedures are not all inclusive and therefore departments may pursue other discipline methods appropriate to a situation, subject to approval by the Personnel Committee.

A. Available Corrective Activity

1. Oral Reprimand:

This involves a face-to-face meeting between the first line supervisor and the employee to discuss the unsatisfactory areas of the employee's work performance or conduct and suggestions for improvements. The employee should be warned of future disciplinary action if the situation is not corrected. The occurrence of such discussion should be documented by the supervisor, and a copy of such documentation placed in the employee's permanent record. Oral reprimands can be given by the supervisor without approval from the Administrator.

2. Written Reprimand:

This involves a written statement outlining the causes of the reprimand and indicating that disciplinary action will result if not corrected. Where applicable, references to previous oral reprimands should be noted. The written reprimand should be discussed with the employee at the time it is given and placed in the employee's personnel file. Written reprimands can be given by the supervisor without approval from the Administrator.

3. Suspension Without Pay:

This involves a removal from work without pay for a varying length of time, up to five (5) days. Notice of the suspension must be in writing with copies going to the employee, the Personnel Committee and the employee's personnel record. The written notice of suspension shall state the reason for the suspension and the length and dates of the suspension and shall bear the department head's signature. The written notice shall be delivered personally to the employee unless the employee is on vacation or sick leave, in which case it may be mailed to the employee's current or last-known home address as shown in the City's employment records. A suspension without pay must be approved by the Administrator.

4. Alternatives to Suspension:

a. Reassignment: Under some circumstances, reassignment of an employee to another job situation may be appropriate either as a disciplinary action or as a means of assisting the employee in avoiding disciplinary actions in the future. Where appropriate, the Administrator may offer the employee reassignment in lieu of other disciplinary actions, if another position is available. If the employee declines reassignment, other disciplinary actions appropriate the employee's conduct may be imposed.

b. Demotion: In some circumstances, the Administrator may offer demotion or transfer-demotions within a department as a disciplinary action. However, disciplinary demotions should only be made if there is reasonable belief that the action will improve the employee's conduct.

5. Discharge: This involves the employee's termination as a City employee. Discharge may be initiated by a suspension "pending discharge" to provide adequate time for additional investigation. If the facts continue to warrant discharge, the notice of discharge shall be issued in order to effectuate the discharge. All discharges shall be formalized in writing and signed by the department head or designee. Discharges of regular full time employees must be approved by the Personnel Committee.

602 Separation from Service

All separations from City service shall be designated as one of the following: resignation/retirement, layoff, disability or dismissal. The termination date is recognized as the last day on the payroll.

A. Resignation/Retirement

Resignation or Retirements are voluntary, permanent separation initiated by the employee. It is expected that employees will give as much notice as possible in order to facilitate recruitment and orientation of new employees. Employees are asked to submit their resignation in writing at least two (2) weeks in advance of their planned departure and retirement notices as soon as possible.

B. Layoff

A layoff is the termination of employment due to a shortage or stoppage of work or funds, functional reorganization, abolishment of a position, or other similar reasons.

C. Disability

An employee may be separated from City service when the employee is unable to perform the required duties due to physical or mental illness, injury or disease with a reasonable accommodation, if such accommodation provides an undue hardship, or the employee poses a direct threat to the employee's self or others.

D. Automatic Termination/Dismissal

Any employee absent from work for three (3) consecutive workdays without notifying the City will be considered to have voluntarily resigned from employment with the City. Workdays are deemed to be consecutive notwithstanding their separation by scheduled days off or by approved leaves of absence.

"Employee discipline" means an employment action which results in disciplinary suspension, with or without pay, disciplinary termination, or disciplinary demotion. "Employee discipline" does not include oral reprimands or warnings, written reprimands or warnings, performance improvement plans, performance evaluations or reviews, documentation of employee acts or omissions, administrative leave or suspension with pay, non-disciplinary wage, benefit or salary adjustments, changes in assignment, action taken pursuant to an ordinance created under §19.59(1m), Stats., or other non-material employment actions.

"Employee" shall not include employees subject to a collective bargaining agreement addressing employee discipline, termination and workplace safety, statutorily appointed individuals identified specifically in statute as serving at the pleasure of an appointing authority, elected officials, and independent contractors, and those employees or officials whose employment status is regulated by the charter ordinance.

"Workplace safety" shall be narrowly construed and not construed to include basic conditions of employment unrelated to physical health and safety. "Workplace Safety" means conditions of employment related to the physical health and safety of employees, as long as such conditions are not enforceable under state or federal law, and includes safety of the physical work environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence and accident risk. "Workplace safety" does not include conditions of employment unrelated to physical health and safety matters, including, but not limited to, hours, overtime, sick, family or medical leave, work schedules, breaks, termination, vacation, performance reviews, and compensation.

C. Grievance Process

1. Written Grievance Submission. The employee must file a Grievance within seven (7) calendar days of the termination, employee discipline or actual or reasonable knowledge of the workplace safety issue. The Grievance must be in writing and must be filed with the City Administrator. The Grievance shall contain:
 - a. a clear and concise statement of the relevant facts and dates;
 - b. the identities of people with material knowledge;
 - c. relevant documentation;
 - d. steps taken to informally resolve the dispute and the results of those discussions;
 - e. rationale supporting the Grievance; and,
 - f. the remedy that should be issued.

A Grievance alleging a workplace safety issue shall also identify the workplace rules allegedly violated, if applicable.

2. Administrative Response. The City Administrator shall review the grievance and provide Grievant with a written response within fourteen (14) calendar days of receipt of the written Grievance. The written response shall contain a statement of the basis for the decision to sustain or deny the Grievance, and, if denied, the deadline for the Grievant to appeal the Grievance to an Impartial Hearing Officer. The City Administrator is encouraged to meet with the Grievant to discuss the Grievance.
3. Impartial Hearing. The City Administrator's decision shall be final unless the Grievant files a written appeal requesting a hearing before an Impartial Hearing Officer. The written appeal shall be filed with the City Administrator within seven (7) calendar days

of receipt of the Administrative Response. The hearing shall take place within a reasonable time, but in no case more than twenty-eight (28) calendar days from the filing of the written appeal. The Impartial Hearing Officer shall file a written decision within fourteen (14) calendar days of the close of the hearing.

4. Appeal for Review. The non-prevailing party may file a written request for review by the City Council within seven (7) calendar days of receipt of the Impartial Hearing Officer's written response.
6. Time Deadlines. No grievance shall be advanced if not filed or appealed within the Policy's time deadlines. The parties may mutually agree to extend any time deadline, which extension shall not be precedential.
7. Meetings/Hearings. Any meeting or hearing held under this Policy ~~System~~ shall be during off-duty hours unless specifically agreed to by the City.

D. Hearing

1. Selection of Hearing Officer. Following receipt of the Appeal for Review, the City shall select an Impartial Hearing Officer, who shall not be a City employee.
2. Representation. The Grievant shall have the right to representation during the Grievance Procedure at the Grievant expense. The representative shall not be a material witness to the dispute.
3. Nature of the Hearing. The Impartial Hearing Examiner will determine the scope of the hearing based upon the nature of the Grievance so as to provide the Grievant with an appropriate level of procedural due process. Thus:
 - a. The hearing may consist of testimony (not under oath) from witnesses with the opportunity for questioning by all parties and the Impartial Hearing Examiner, informal presentation by the City and the Grievant, or submission on paper record. The Impartial Hearing Examiner shall advise the parties of the manner in which the hearing will be held within seven (7) calendar days of appointment;
 - b. The Grievant shall have the burden of proof;
 - c. The hearing shall not be subject to the rules of evidence, however, depending on the nature of the hearing, a material fact may not be supported solely by hearsay evidence;
 - d. The parties are not entitled to discovery; and,

- e. The Impartial Hearing Examiner may compel witnesses as permitted under §788.06(2), Stats.
4. Record of Proceedings. The Impartial Hearing Officer shall conduct the proceedings and make a record of the proceedings. Following the issuance of the decision, the record shall be provided to the City Clerk for preservation for a period of at least seven (7) years. The record shall consist of the Grievance, the Administrative Response, a recording (written or audio) of any testimony or statements from the parties and witnesses, and any documents received into the record by the Impartial Hearing Examiner.
5. Hearing Costs. Costs involved in the hearing, included any fees charged by the Impartial Hearing Examiner, shall be borne by the City with the exception that the City is not responsible for any costs incurred by the Grievant for representation or consultation and production of evidence at the Impartial Hearing (including fees to compel witnesses and photocopying expenses).
6. Written Decision. After the close of the hearing, the Impartial Hearing Officer shall issue a written decision containing findings of fact, analysis and an answer to the following question: "Based on the preponderance of the evidence presented, has the Grievant proven the decision of the City was arbitrary or capricious?" The Impartial Hearing Officer shall only overturn it if the administrative decision is arbitrary and capricious.
7. Powers of the Hearing Officer. The Impartial Hearing Officer shall have the power to issue a Written Response to the Grievance as set forth on Paragraph 6. The Impartial Hearing Officer shall have no power to issue any remedy, but the Impartial Hearing Officer may recommend a remedy. Remedial authority shall be subject to the determination and approval of the City Council, and shall be addressed by the City Council in the event the Grievance is sustained.

E. Appeal

1. Written Appeal. The Notice of Appeal shall be in writing and contain a statement explaining the reasons for the appeal and a copy of the Grievance, the City's response to the Grievance, the record of the hearing as defined in paragraph 4(4), above, and the Impartial Hearing Officer's Written Decision. The Notice of Appeal may not include information that was not presented at the hearing. The request shall be filed with the City Clerk and with a copy to the prevailing party.
2. Review. The City Council shall review the materials submitted under paragraph 5(1) and determine whether a rational basis exists for the Impartial Hearing Officer's decision. The findings of fact of the Impartial Hearing Officer shall not be overturned unless clearly erroneous.

In the event the City Council sustains the Grievance, the City Council shall determine an appropriate remedy for the Grievant.

In the event the City Council does not sustain the Impartial Hearing Officer's decision, the City Council may render a new decision and remedy or request the Impartial Hearing Officer to take further evidence and issue a revised decision and recommendation.

Any review by the City Council shall be subject to Wisconsin's Open Meetings Law, in particular the Council's review and deliberation shall be in closed session pursuant to §19.85(1)(a), Stats. The Council vote on the grievance shall be in open session.

Decision. All decisions of the City Council involving the Grievance shall be by simple majority vote of those members present and voting, reduced to writing and filed with the City Clerk within seven (7) calendar days of the date of the final decision. A copy of the final decision shall be delivered to the Grievant. The City Council's decision is final and is not subject to appeal.

APPENDIX A

FAMILY MEDICAL LEAVE POLICY

I. PURPOSE

This policy outlines the provisions of the federal and Wisconsin Family and Medical Leave Acts and the rights and obligations of employees and employers under both laws.

II. POLICY

The City will comply with all applicable state and federal laws concerning family and medical leave (collectively referred to as "FMLA"). This policy describes the state and federal FMLA laws and addresses certain differences between the two laws. When both laws apply, the leaves under state and federal law will run concurrently and the provisions more beneficial to the employee will apply. Medical leaves that qualify under the FMLA will also run concurrently with leaves under worker's compensation, short term disability and other laws, as applicable and as allowed by law.

To qualify for federal FMLA leave, employees must be employed by the City for a total of at least twelve (12) months and have at least 1,250 actual hours worked in the preceding 12-month period. [If City has locations where there are less than 50 employees employed within a 75 mile radius of the location, include the following: "and be employed at a location where at least 50 employees are employed by the City within a 75 mile radius."] To qualify for Wisconsin FMLA ("WFMLA"), employees must have been employed for more than 52 consecutive weeks and have worked or been paid at least 1,000 hours in the preceding 52 weeks.

Employees on FMLA leave may not engage in any other employment that is inconsistent with the reason for the employee's FMLA leave.

The City will not use the taking of FMLA leave in compliance with the law as a basis for any adverse employment decision. Employees should direct any questions regarding FMLA leave to Human Resources.

GENERAL LEAVE RIGHTS

Federal FMLA. Under the federal FMLA, eligible employees are allowed up to 12 workweeks of unpaid leave per 12-month period for the following reasons (see also Military family leave below):

- The employee's own serious health condition that makes the employee unable to perform the functions of his or her position
- To care for the employee's spouse, child, or parent with a serious health condition
- For the birth of the employee's child, or placement of a child for adoption or foster care with the employee
- For incapacity due to pregnancy, prenatal medical care, or child birth

Wisconsin FMLA. The Wisconsin FMLA permits eligible employees to take unpaid leave for the following reasons:

- 2 weeks for the employee's own serious health condition
- 2 weeks to care for the employee's spouse, child, domestic partner, parent, or parent of a spouse or domestic partner with a serious health condition
- 6 weeks to care for the employee's child after birth or adoption

The City will calculate the federal FMLA 12-month period as [Select one: the calendar year; a fiscal year from _____ to _____; a rolling 12-month period measured backward from the date an employee uses any leave under this policy; a 12-month period measured forward from the first date an employee takes FMLA]. Under federal FMLA, leave for birth, adoption, or foster care placement must be concluded within 12 months of the birth or placement for adoption or foster care. If both parents work for the City, the employees will share one 12 week leave for the birth or placement of a child.

The Wisconsin FMLA entitlement will run on a calendar year basis. Any leave for the birth or adoption of a child taken under WFMLA must start within 16 weeks of the birth or adoption of the child.

Military Family Leave. The federal FMLA provides for military family leave. Several provisions of this FMLA policy (including employee notice provisions and certification requirements) apply to military family leave as well.

There are two types of military family leave:

Qualifying Exigency Leave. Eligible employees with a spouse, son, daughter, or parent on covered active duty or called to covered active duty status may use their 12-week FMLA entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare or parental care, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings. The 12 weeks of leave afforded for a qualifying exigency is not in addition to the general 12 weeks afforded under the federal FMLA. An employee is entitled to no more than 12 total weeks of leave for any combination of personal, family or qualifying exigency military FMLA.

Service member Care Leave. Eligible employees may take up to 26 weeks of leave during a single 12-month period to care for an ill or injured service member who is the employee's spouse, parent, child, or "next of kin" who is a covered service member. A covered service member is a current member of the Armed Forces (including National Guard or Reserves) or a covered veteran who is undergoing medical treatment, recuperation, or therapy (or, for current members, is otherwise in outpatient status or on the temporary disability retired list) for a serious injury or illness. In the case of a current member, a "serious injury or illness" means an injury or illness that was incurred in the line of duty on active duty in the Armed forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty and that may render the service member medically unfit to perform his or her duties. In the case of a covered veteran, a

"serious injury or illness" is the same as for a current member except that it must also meet any one of the following requirements: it must be (1) an injury that forms the basis for the veteran's enrollment in the VA's program of Comprehensive Assistance for Family Caregivers, (2) a physical or mental condition that substantially impairs the veteran's ability to work because of disability or disabilities related to military service, or would do so absent treatment, (3) a physical or mental condition for which the veteran has received a VASRD of 50 percent or greater, and the need for military caregiver leave is related to that condition; or (4) a continuation of a serious injury or illness that was incurred or aggravated when the veteran was a member of the Armed Forces and rendered the service member unable to perform the duties of the service member's office, grade, rank, or rating. The 26 weeks of leave afforded for service member care is not in addition to the general 12 weeks afforded under the federal FMLA.

Married Employees. Married employees who both work for the City are limited to no more than an aggregate of 26 weeks of leave between them for military family leave.

DEFINITIONS OF "CHILD" AND "PARENT"

Under both state and federal FMLA laws, "child" means a biological, adopted or foster child, step child, or legal ward. Under federal FMLA law, "child" also includes a child for whom the employee provides day to day care and financial support. Under both state and federal FMLA laws, a "child" must either be under age 18, or be 18 years or older and unable to care for him/herself because of a mental or physical disability (federal FMLA) or serious health condition (Wisconsin FMLA). Under both state and federal laws, "parent" means biological parent, foster parent, adoptive parent, or step parent. Under federal FMLA law, "parent" includes an individual who was responsible for the day-to-day care and financial support of the employee when the employee was a child, but does not include parents of an employee's spouse or domestic partner. Under state FMLA law, "parent" includes parents of an employee's spouse or domestic partner.

SERIOUS HEALTH CONDITION

A serious health condition is an injury, illness, impairment or physical or mental condition that involves:

- Inpatient care in a medical care facility; or
- Continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents a qualified family member from participating in school or other daily activities. Continuing treatment by a health care provider includes:
 1. A period of incapacity of more than three (3) consecutive full calendar days combined with at least two (2) visits to a health care provider or one (1) visit and a regimen or continuing treatment under the supervision of a health care provider (time limits apply to health care provider visits) (Under the Wisconsin FMLA, the requirement for more than three (3) consecutive calendar days of incapacity does not apply.);
 2. Any period of incapacity due to pregnancy or prenatal care;

3. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
4. A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective; or
5. Any period of absence to receive multiple treatments by a health care provider or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment.

NOTIFICATION AND CERTIFICATION

Whenever possible, employees must give at least 30 days' written notice of the need for FMLA leave. **When 30 days' notice is not possible, employees are expected to give as much written notice as is practical.** Please see Human Resources for FMLA request forms. Normal call-in procedures must also be followed for all FMLA absences.

When requesting FMLA, employees must give sufficient information to allow the City to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions; a family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees must also inform the City if the requested leave is for a reason for which FMLA leave was previously taken or certified.

The City may require an employee who is requesting FMLA leave to provide medical certification for the leave. Employees will have 15 days in which to provide the completed certification, except in extenuating circumstances. If an employee fails to provide adequate certification in a timely manner, the employee's leave request or continuation of leave may be delayed or denied altogether. The City may directly contact the employee's health care provider for authentication or clarification purposes using a health care professional, an HR professional, leave administrator or management official. The City may also require clarification of an incomplete or insufficient certification. Before the City makes direct contact with the health care provider, the employee will be given an opportunity to resolve any deficiencies in the medical certification as required by law.

The City may require a second medical opinion at its expense regarding a serious health condition from a health care provider of its choice. If the first two opinions differ, the City may obtain a third opinion at its expense from a mutually agreed upon health care provider. The third opinion shall be binding on the parties. The City may deny FMLA leave to an employee who refuses to release relevant medical records to the health care provider designated to provide a second or third opinion. The employee will be provisionally entitled to leave and benefits under the FMLA pending the second and/or third opinion. Recertification and periodic reports regarding the employee's status and intent to return to work may also be required as allowed by law.

The City will inform employees who have requested leave whether they are eligible for leave, specify any additional information needed, and inform the employee of his/her rights and responsibilities. If the employee is not eligible for leave, the City will provide a reason for the ineligibility. The City will also inform eligible employees whether requested leave will or will

not be designated as FMLA leave and the amount of leave that will be counted against the employee's leave entitlement.

Recertification

The City may request recertification for the serious health condition of the employee or the employee's family member as allowed by law. In seeking recertification, the City may provide the employee's health care provider with the employee's attendance records and to confirm whether the employee's absences are consistent with the employee's serious health condition.

INTERMITTENT LEAVE

An employee may take any leave covered by WFMLA as intermittent leave, provided the employee provides notice as required by the law. The last increment of intermittent leave for the birth or adoption of a child under WFMLA must begin within 16 weeks after the birth or placement for adoption of the child.

For leaves covered only by federal FMLA, an employee may take "intermittent" or "reduced schedule" leave, if medically necessary, for the employee's own serious health condition, to care for a spouse, parent, son, or daughter with a serious health condition, and to care for a covered service member with a serious injury or illness. Employees must make reasonable efforts to schedule leave for planned medical treatment so as to not unduly disrupt the City's operations. To the extent an employee has control, medical appointments and treatments related to a serious health condition should be scheduled outside of working hours or at such times that allow for a minimal amount of time away from work. For medically necessary intermittent or reduced schedule leave that is foreseeable based on planned medical treatment for the employee, a family member, or a covered service member, the City may temporarily transfer an employee taking such leave to a position with equivalent pay and benefits if the new position better accommodates the leave. Military leave due to qualifying exigencies may also be taken on an intermittent basis. Employees may not take intermittent FMLA leave for the birth, adoption, or foster placement of a child during the federal-only portion of their FMLA leave.

SUBSTITUTING PAID TIME OFF

Use Of Paid Leave

FMLA leave is unpaid leave. However, employees have the right or employers may require in certain cases, that the employee use accrued paid leave during FMLA leave. During any portion of leave covered by the WFMLA, the employee may elect to or not to use paid leave. When paid benefits are substituted for the otherwise unpaid time, the employee is using the benefits concurrently with FMLA leave, and those benefits will not be available to the employee later. When paid benefits are substituted, the employee may be required to satisfy any procedural requirements of the City's paid leave policy (for example, advance notice to use paid leave, use of paid leave in established increments, etc.). If an employee does not meet qualifications to use paid leave that will not affect the employee's ability to use FMLA leave if

the leave qualifies as FMLA leave.

During any portion of leave that is covered by the federal FMLA only, the City may restrict the use of paid time as allowed by law.

In cases where substitution of a paid benefit is not possible, the employee will generally receive reduced compensation consistent with the number of hours the person actually works.

BENEFITS DURING LEAVE

An employee's coverage under group health plans (i.e., group health and dental coverage) will be maintained during the period of an FMLA leave as required by the Wisconsin and federal FMLA laws and in accordance with the applicable terms of the plans.

Employees who normally pay a portion of the premium for insurance coverage must continue to do so during the period of FMLA leave. If paid leave is substituted for unpaid leave, the employee's portion of the premium will be deducted from the employee's paycheck. For those employees on unpaid leave, payment arrangements must be made prior to the start of the leave, or as soon as practicable. Premium payments must be received by the 30th of each month. A 30-day grace period will apply to premium payments. If payment is not made, the employee's group health/dental insurance may be terminated retroactive to the date coverage was last paid for. The City will provide 15 days' notification prior to the employee's loss of coverage.

If the City maintains an employee's insurance during an FMLA leave, and the employee does not return from FMLA leave, under certain circumstances the City will have the right to recover the total cost of the insurance premiums paid during the employee's leave, as allowed by law.

Benefit Accruals

If an employee substitutes accrued paid leave for unpaid FMLA leave in order to remain fully compensated, the employee will continue to accrue paid time off at the rate at which the employee accrued such time prior to leave. If the leave is partially paid, the employee will accrue paid time off at a prorated rate. Once the employee stops receiving pay, the employee will no longer accrue paid time off during an FMLA leave. Use of FMLA cannot result in the loss of any employment benefit that accrued prior to the start of the employee's leave. Other benefit accruals may be suspended during the period of the leave and will resume upon return to active employment. Check with Human Resources regarding other benefit continuation provisions.

Worker's Compensation Absences

When an employee is absent due to a work-related illness or injury which meets the definition of a serious health condition, the absence will be counted against the employee's allotment of FMLA leave under federal law. In other words, the employee is using federal FMLA leave concurrently with the worker's compensation absence.

Early Return From Leave

An employee who wishes to return to work earlier than originally anticipated should provide

at least two days' notice of such request. A fitness for duty certification may be required.

RETURNING TO WORK AT THE END OF LEAVE

Employees who return to work from FMLA leave within the timeframes protected by the FMLA laws will be returned to their former position or, if that position is no longer available, then to an equivalent position with equivalent pay, benefits and other employment terms. If an employee wishes to return to work before his/her leave is to end, and work is available, the employee must notify Human Resources at least 2 days prior to the desired return date. If an employee took FMLA leave for his/her own serious health condition, a fitness for duty certification will be required before the employee may return to work. In such cases, an employee's return will be delayed until such a certification is received.

FAILURE TO RETURN TO WORK AT END OF FMLA-PROTECTED LEAVE

If an employee fails to return to work after the expiration of an FMLA-protected leave, the employee's rights under state and federal FMLA laws will no longer be in effect and the employee will be subject to immediate termination. If the employee's inability to return to work is due to the continuation, recurrence or onset of the employee's own serious health condition, or of the serious health condition of the employee's spouse, child or parent, the City will consider a request for a further unpaid leave. However, the employee must submit a written request for consideration of a further leave as soon as the employee realizes that he/she will not be able to return at the expiration of the FMLA-protected leave period. The City will consider each such request on a case by case basis. There is no guarantee that a further leave will be granted.

FAILURE TO MEET POLICY REQUIREMENTS

If the employee fails to meet the requirements of this policy for family or medical leave, the request for leave will be denied until the requirements are met.

Extension of Leave

You may submit requests for additional unpaid extensions of leave to Human Resources. The City reserves the right to accept or deny these requests as well as the right to request a doctor's certificate prior to granting any extension.

"Key Employees"

Certain "key employees" as defined by law may not be eligible for reinstatement to their jobs or equivalent positions following a leave if reinstatement would cause the City hardship.
