

Reedsburg WI.
September 24, 2020

The Reedsburg Airport Commission convened in session on September 24, 2020 at 7:30 am with the following members present: Mike Gargano, Jason Schulte, Aaron Matteson, John Chamberlin and Charlie Brumer

Also Present: Steven Zibell, Derek Horkan, Paul Schumi and Tom Parker

Motion by Schulte second by Matteson to approve the minutes from the August 19, 2020 meeting.

Motion Carried

Paul Schumi discussed his plan for the flying club and possibly starting a small plane repair business in his proposed hangar. Paul stated he has purchased a plane for the flying club and has the plane under an LLC and the flying club is an LLC, which leases the plane. Chamberlin brought up that if Paul wants to have a small business operation in the hangar that it should go on the east side. Paul stated if he did go with a business plan approach, he would need a larger hangar and was not opposed to building it on the east side. Derek had a few questions about insurance and other details on the lease. The Commission was ok with Derek to keep working with Schumi on the lease and looking to the east side for a parcel to lease.

No Action

Derek stated he has been working with the skydiving business wanting to base here in Reedsburg. Derek had concerns about liability and was having trouble getting examples of agreements at other airport facilities. The commission suggest contacting out of state facilities or even the FAA and see what they may require. No action taken at this time.

Zibell discussed some FAA funding that the BOA wants us to transfer to other airports. Zibell will get more information and discuss at the next meeting. No action taken.

Motion by Brumer seconded by Matteson to go into closed session.

Motion by Schulte seconded by Gargano to go back into open session.

Moved by Schulte second by Matteson to adjourn at 8:45 am.

Motion Carried.

Respectively Submitted,

Steven T. Zibell, Public Works Director/City Engineer
