Motion Carried

Zibell went over some minor changes to the lease agreement for Paul Schumi RPM Aero, LLC. The commission was fine with the proposed changes as presented. Motion by Aaron seconded by Brumer to approve the lease agreement with RPM Aero, LLC.

Motion Carried

Tom presented an opportunity to have a flight simulator service come to the airport. Tom stated they could set up their computer and screens in the conference room area and still have enough room for the conference table. Tom stated they would pay the airport 10% of their earnings. Gargano and Zibell thought we should have some type of agreement with them to use the space and state that the City is not liable for their equipment. The Commission thought this would be a great asset for the Airport since it helps with flight training without having to go up in a plane during bad weather conditions. Motion by Brummer seconded by Schulte to allow RYTE Byte Flight Simulator Service use a portion of the conference room and have an agreement document signed by Zibell and the RYTE Byte.

No Action

Moved by Brummer second by Schulte to adjourn at 7:53 am.

Motion Carried.

Respectively Submitted,

Steven T. Zibell, Public Works Director/City Engineer
